MICHAEL WINDER

SCHOOL OF BUSINESS SENATOR

My name is Michael Winder, and I am running to be your School of Business Senator. I am currently a Senior studying Economics in the School of Business.

My mission is to create a connected college, and I bring the experience to do it. I currently work at the alumni office and as an Involvement and Clubs Director for SUUSA. In these roles, I have learned the importance of taking initiative and teamwork. I have the tools to effectively serve you as your senator.

How will YOU **win with Winder**? Four ways:

1) More Student Involvement
In my two years of experience in student government as Involvement and Clubs Director, I've gained the insights to enhance our amazing clubs and programs. I will hit the ground running to work with club presidents and members to increase event attendance, leadership opportunities, and funding.

2) Better Communication Channels
Don't miss out on all of the amazing events hosted by the business school! I will improve communication between students, faculty, and admin to ensure that info, resources, and opportunities are effectively distributed to the School of Business community. How? Newsletters, student forums, and social media.

3) Amazing Mentorship and Networking
Get ready for mentorship programs and networking events that connect students with alumni, faculty, industry professionals, and fellow students. By working in the SUU Alumni Office, I can leverage the insights, experience, and industry knowledge of alumni to help business students.

4) I will listen to YOU
Reach out to me anytime with YOUR ideas and ways that we can be even better!
Cell: 801-462-3500 or michaelkwinder@gmail.com

I am passionate about representing the voice of our School of Business students and am dedicated to making positive changes that will benefit our community. With your support, I am confident that together we can build a stronger, more connected School of Business.
Thank you for considering me as your next Senator.

Win with Winder!
