Department Statement

The primary mission of the art department is to integrate a university liberal education with professional training in art. We contribute to the liberal education of all students by providing classes in art history, art appreciation, and visual design, which foster appreciation and critical awareness for the visual arts. To prepare art majors for professional careers in art, we offer programs in teacher education and professional studio art (including graphic design, illustration, drawing, painting, printmaking, and ceramics), through which we emphasize studio skill, critical thinking, and exposure to multiple aesthetic approaches. We provide cultural enrichment and serve as advocates for the visual arts by presenting faculty and student art exhibitions and lectures for the University and surrounding communities. We contribute to the scholarship of the discipline through publications, presentations, commissions, and exhibitions of original creative research.

Goal Statement

The art department at Southern Utah University:

1. Enriches cultural awareness to the campus as a whole through the education, exploration and the creation of visual arts.
2. Provides our majors with a strong foundation of skills, techniques, multiple aesthetic approaches, and the ability to think critically thus ensuring that our seniors are prepared to enter the highly competitive areas of professional studio art, educators of art and/or intro to graduate programs.
3. Cultivates aesthetic diversity for the campus, the community and the region at large by providing lectures, exhibitions and workshops that relate to teaching, creation, history and the marketing of visual art.

Objectives

1. Complement and enhance the undergraduate experience for all students on campus by providing tools, facilities and training in the areas of two and three dimensional visual art.
2. Aim students toward successful careers in art education, professional studio art and/or graduate programs throughout the United States.
3. Contribute to and maintain the University's and community's exposure and involvement in the many faceted areas of the visual arts.

Comments

1. With the exception of ART 4790, all studio classes may be repeated three times for credit, with permission of the instructor.
2. A grade of "C" or better is required for all courses used for the major or minor.
3. Students pursuing a B.A. degree must take a minimum of 16 credits in a foreign language. Depending on career objectives, additional language courses may be advised.
4. The art degree programs offered have been designed to meet national and state standards of excellence in order to offer students the greatest opportunity for success after graduation. A wide variety of art courses are available within each of the department's programs. Consult the department advisor for advice in meeting career objectives.
5. Art 4990 courses may be taken with permission of instructor only.
6. 40 credits must be upper division.
7. Students anticipating going to graduate school must take all four Art History courses.
8. Transfer students and art minors must earn 50% of their art credits from SUU.
9. All transfer students in art are subject to a portfolio review.
