### Department Statement

It is the mission of the history and sociology department to encourage a life-long passion for learning and a quest for knowledge by providing an environment that fosters academic excellence and unfettered inquiry. We encourage the development of ethics and values that recognize knowledge in all its diverse and creative forms. The primary goal of our department is to offer excellence in instruction while meeting the academic needs of the students. Our mission is to foster a creative learning environment and assist students through meaningful and relevant experiences to:

1. Promote respect for the diversity of all people as the core of social thought.
2. Guide students in developing analytical, communication, and information-gathering skills.
3. Encourage students to be tolerant, informed, and responsible citizens.
4. Offer opportunities for practical experience through internships, work studies, and memberships in honorary societies in history, political science, and sociology.
5. Contribute to the cultural, historical, political and social development of southern Utah and the surrounding region.

#### HISTORY MISSION STATEMENT

The history program supports the general education program and is committed to preparing undergraduate students to understand their historical and cultural heritage. Further, in cooperation with the College of Education, the department prepares students for teaching careers in elementary and secondary schools, and it works to qualify majors for graduate study and advanced administrative specialization.

#### SOCIAL SCIENCE COMPOSITE MISSION STATEMENT

Southern Utah University offers a composite degree in social sciences for those who are seeking licensure in secondary

education and choose this option. The advantage of the composite is in securing a teaching license in several areas of the social sciences.

#### SOCIOLOGY MISSION STATEMENT

The sociology program prepares students for life in a diverse society by introducing them to applied and conceptual tools that aid in a more thorough understanding of social structure, social processes, group values, attitudes and beliefs. Sociology supports the general education requirements, integrates service-learning in several courses, and prepares students for graduate degree programs in addition to careers in teaching, social work, and a variety of administrative and research occupations.

The social science composite is a degree program. Students desiring a social science composite may be recommended for a state of Utah teaching license by earning a bachelor's degree and completing the professional education courses offered through the teacher education department in the College of Education.	
<b>Required Courses (50 hours minimum in social sciences):</b>	
Complete 18-hour minimum requirement in history	18
A minimum of 8 semester hours is required in geography.	8
A minimum of 24 hours is required from economics, political science, psychology and sociology with at least 6 hours in each of the above subject matter areas. It is suggested that economic classes include courses that teach principles of economics and macro and micro economics. American government, law, and state and local government are suggested areas, which the political science courses should cover. Introduction to psychology is required and Sociology 1010 and 3010 are strongly recommended. Additional hours to reach the minimum of 50 will be from electives in the social sciences subjects. At least 25 hours must be upper division credit. Additionally, Social Studies 4900 is required, which is not part of the minimum 50 semester hours for this major.	24
