

Chapter 4 – Registration Policies and Procedures

This chapter discusses the process of registration, during which students meet with advisors to select courses, then register to attend those courses and (if necessary) drop or add courses after the semester has begun.

Registration takes place each semester and summer session. It consists of two distinct phases: advance registration and open registration. Each offers the students the opportunity to select courses before classroom instruction begins. General descriptions of registration policies are provided below.

REGISTRATION

Each student should complete registration for classes at the time and place designated by the University. Times and dates for each semester are published in the catalog, and the web. No student will be permitted to register for a course later than the end of the second week of the course. Registration during the second week of instruction must be approved by the course instructor. Exception: open-entry open-exit courses in which registration must be approved by the course instructor.

Advance Registration

If you are a continuing, degree-seeking student, you may register during advance registration. New non-degree seeking students may register at the end of advance registration.

Senior Citizen Registration

Utah residents, age 62 and over, are permitted to enroll, on a space available basis, at any of the state's public universities and colleges, on a tuition-free, audit basis. They will be required to pay a semester administrative fee. Where applicable, senior citizens will be charged a fee for use of consumable materials. Senior Citizens must register at the Registrar's Office on or after the first day of class.

Credit/Audit Status

During open registration, if space in the class is available, you may register for a course under audit status; that is, you may register for the course with the understanding that you will receive neither credit nor a grade. On your transcript, audit status indicates that you had a seat in the class, but may or may not have participated in class activities. Please note that the normal registration deadlines apply. No course may be changed to audit status after the tenth academic class day.

Changes in Registration (Add or Drop)

Any student may change his or her schedule of courses by completing an official form available at the Registrar's Office or online during applicable registration times, subject to the following limitations:

1. No course may be added after the second week of the term. Additions during the second week of the term must be approved by the course instructor. Any exception to the add policy requires instructor and dean signatures.
2. For regular fall or spring semester, withdrawal from an individual course must be made prior to the end of the ninth week of the term. If the student withdraws during the first seven class days, no record of the course will appear on his/her transcript. If the withdrawal occurs between the eighth class day and ninth week, a "W" for that course will appear on the transcript. For other sessions and terms, such

as summer terms, withdrawal must be made before 60 percent of the term has expired.

3. A student should be aware that all classes he/she drops must be properly processed through the Registrar's Office. If a student stops attending a class without officially withdrawing, he/she will receive a "UW" (failure) for the course. This grade is calculated in the GPA as an "F." Note: Any university scheduled working day is considered a class day.

A charge of \$5.00 will be assessed for each class dropped. Since it is costly to both the student and SUU to make changes, students are encouraged to make class selections only after consultation and guidance from an advisor.

Exceptions: Withdrawals from co-requisite courses that must be taken together (primarily lecture/lab courses) will count as one course for permitted withdrawal purposes. Withdrawals received as a result of a complete withdrawal from the university will not count toward the allowed total.

*Note: The University has placed limits on the number of times you may enroll in a course. For more information, see Chapter 5 "Grades."

*Note: If you intend to drop a class in which you have been issued university property—such as uniforms, instruments, or lab equipment—you must return the property before dropping the class. If you fail to do so, the Registrar's Office will place a hold on your record.

Faculty-Initiated Withdrawals

An instructor can withdraw a student from a course if the student has not satisfied the entrance requirements for the class. To do so, the instructor or department must notify the student of the impending withdrawal and then request the withdrawal through the Registrar's Office. Students should not expect that an instructor will withdraw them for nonattendance. The primary responsibility for course withdrawal rests with the student.

Prerequisite Waivers

Students wishing to enroll in a course, for which they have not completed the necessary prerequisites, must obtain a Prerequisite Waiver Form. This form needs to be signed by the Department Chair overseeing the class being taught. If the prerequisite being waived is a requirement for the student's degree, this does not waive the need to take the course. It merely allows the student to take a higher level course prior to completing the prerequisite.

WITHDRAWAL FROM THE UNIVERSITY

Students are permitted to completely withdraw from the University any time prior to the start of the week of final exams. A student withdrawing after the seventh class day will have a "W" recorded for each course for which he/she is registered. To withdraw from the University the student must complete the online university withdrawal process. This is available through the mySUU portal. Please contact the Registrar's Office 435-586-7715 with any questions regarding this process.

The university recognizes that in certain circumstances a health issue may so significantly impact a student's academic work that an Emergency Withdrawal for the term is needed. The student must

complete an Emergency Withdrawal Petition (available in the Registrar's Office), provide written evidence from a physician and a personal explanation to the Registrar. This must be completed in a timely manner and in no case later than the last day of class in any given term. If granted, normal withdrawal grading policies will be followed.

Important Information Concerning Withdrawals for Students Receiving Financial Aid

Students who withdraw from the University need to be aware of a federal law impacting financial aid eligibility. Complete withdrawals may result in a financial obligation by the student to return the unearned portion of any federal aid disbursed. The

student may have to repay Southern Utah University and/or the U.S. Department of Education for the unearned aid which had applied toward tuition and fee charges. A repayment may also be required for unearned aid disbursed directly to the student. Students considering withdrawal from the university are strongly encouraged to discuss the potential financial consequences with a representative in the Office of Financial Aid & Scholarships, Sharwan Smith Center, Room 167.

Questions About These Policies?

If you have questions about these policies, contact the Registrar's Office, Sharwan Smith Center, Room 166, (435) 586-7715.

POLICY STATEMENT CONCERNING CATALOG CONTENTS

The purpose of the Southern Utah University Catalog is to provide current, articulate and accurate information about Southern Utah University to all University constituencies including faculty, staff, students, educational agencies and administrators.

Catalogs, bulletins, course and fee schedules, etc., are not to be considered as binding contracts between Southern Utah University and students. The university and its divisions reserve the right at any time, without advance notice, to: (a) withdraw or cancel classes, courses, and programs; (b) change fee schedules; (c) change the academic calendar; (d) change admission and registration requirements; (e) change the regulations and requirements governing instruction in, and graduation from, the university and its various divisions; and (f) change any other relations affecting students. Changes shall go into effect whenever the proper authorities so determine, and shall apply not only to prospective students but also to those who are degree-seeking at the time in the university. When economic and other conditions permit, the university tries to provide advance notice of such changes. In particular, when an instructional program is to be withdrawn, the university will make every reasonable effort to ensure that students who are within two years of completing the graduation requirements, and who are making normal progress toward the completion of those requirements, will have the opportunity to complete the program which is to be withdrawn.

It is the policy of Southern Utah University to provide equal education and employment opportunities, services, and benefits to students and employees without regard to race, color, national origin, sex, creed, age or handicap in accordance with title VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972. Sections 799A and 845 of the Public Health Act, and Sections 503 and 504 of the Rehabilitation Act of 1973, where applicable, as enforced by the U.S. Department of Health, Education, and Welfare.

Note: The courses contained in this catalog do not preclude or limit the university in its offerings for any semester or session nor do they restrict the university to the time block (semester) represented by the approved academic calendar.
