## MISSION STATEMENT

The mission of the Department of Art and Design is to provide aspiring artists, designers, and art historians with professional training and to provide a critical fine arts component of a university liberal arts education. In fulfilling this mission we will:

1. Foster appreciation and critical awareness of the visual arts.
2. Prepare students for further study and careers in art history, graphic design, art education, ceramics/sculpture, illustration, painting/drawing/printmaking, photography/digital design, and related fields.

3. Educate students, faculty, administration, and community that the visual arts are intrinsically valuable to all engaged learners, that they inherently embody diverse individual, cultural, and philosophical expression, that they have the power to change the way in which we perceive things, and that they are the most direct way to vicariously transfer meaning and experience.

## GOAL STATEMENT

The department of Art and Design at Southern Utah University will:

1. Infuse student artists with philosophies and skills that enable them to pursue professional work, teaching opportunities, and further education.
2. Enrich SUU and environs with opportunities to experience creative achievement in the visual arts and inculcate in students an enthusiasm for creative expression.
3. Provide models for success and examples of the diverse opportunities that are available in visual arts disciplines.

## OBJECTIVES

- 1
  - a. Design and provide vibrant degree programs
  - b. Facilitate student involvement in clubs, internships, competitions and exhibitions.
  - c. Prepare students to present their work and intellectual achievements.
  - d. Prepare students for related employment and advanced schooling.
- 2
  - a. Expose students, faculty and community to the visual arts.
  - b. Provide General Education in art and design.
  - c. Establish meaningful connections with disciplines other than the visual arts.
- 3
  - a. Administer a program of visiting artists, designers, and other relevant presenters.
  - b. Encourage professional work by faculty members and provide opportunity for students and others to experience it.

## POLICIES

1. The various Art and Design degree programs have been crafted to meet national and state standards of excellence in order to offer students the greatest opportunity for success after graduation. Consult the college advisor and the instructor that defines your discipline area for guidance in meeting your career objectives.
2. A BA or a BFA may be preferable depending on your career goals. In general, the BA is a liberal arts degree focusing on art and design and its history, in the context of a broad program of general studies. The BFA is a professional practicing artist/designer degree focusing on intensive studio work in art and design. The BFA is a composite degree (major & minor combined).
3. Studio courses are experiential. Consequently, attendance is mandatory. A student who misses more than 1/4 of the class time will receive a grade of "C-" to "F" regardless of other considerations.
4. A grade of "C" or better is required for all courses applying to major or minor requirements.

5. Applying credit as specific studio (XLAB) courses for Advanced Placement or Concurrent Enrollment classes must be determined by scheduling a review of the work with the department secretary. Otherwise these credits are elective credits.
6. TRANSFER STUDENTS: Transfer students in Art & Design are subject to a portfolio review to determine transferability of art courses taken at other schools. The student should arrange this with the Art and Design Department secretary in their first semester at SUU. This could coincide with their Foundation Review if they have already completed 24 credits in art and art history at other institutions
7. Transfer students, both majors and minors, must earn 50% of their art credits from SUU.
8. FOUNDATION REVIEW: Successful Foundation Review constitutes admittance into a degree program in the Art and Design Department. All Art and Design majors are required to schedule a Foundation Review with the department secretary during the semester that the ART and ARTH course credits they have taken, or in which they are currently enrolled, total 24. Two of these courses should be in the student's Major (or Emphasis) area. This review may require repetition of courses, deny entrance, or grant acceptance into the applicable degree program. The student must bring to the review three examples of actual work from each ART studio class that they have taken, or, in the case of the Art History degree, examples of their writing about art. The student will be notified, in writing, of the action of the review committee.
9. Students may not enroll in ART 4790 Senior Portfolio unless they have been accepted into a BFA program through the Foundation Review.
10. Art 4990 courses (Senior Seminar) may be taken with permission of the instructor only.
11. Graduation requires a total of 40 upper division credits (courses numbered 3000 or higher). These may include college credit taken outside the Department of Art and Design.
12. BFA PORTFOLIO REVIEW: All BFA students must produce a body of work, of sufficient quality, during or prior to, their senior portfolio class to pass a faculty review of that body of work.
