## **About Southern Utah University and Cedar City, Utah**

Southern Utah University is a comprehensive public institution established in 1898. It provides approximately 8000 students with an undergraduate liberal education in the arts, humanities and sciences, as well as in the professional fields of teacher education, business, nursing, and applied engineering. SUU also has master's degrees in accounting, business, communication, education, fine arts, and forensic science. An extensive continuing education program is also offered. For additional information about the University, please visit its web site: [www.suu.edu](http://www.suu.edu).

The 130-acre campus has 79 buildings, including ivy-covered Old Main, constructed in 1898, and a number of modern classroom, business, special events, and student center buildings.

From the time of its founding, SUU has placed students first by featuring personalized and participative classes, combined with competent, qualified and supportive faculty, staff and administration. Our classes are small in number, which enable our faculty to offer students individual attention and allow each student the opportunity to fully participate in discussions and activities. We've received national recognition from Consumer Reports and the Princeton Review as a top quality university for both value and education, and most of our programs have been nationally and some internationally accredited by the most prestigious accreditation agencies.

SUU in Cedar City is located in the heart of Southern Utah, within a few hours drive of several national parks, including the Grand Canyon, Zion National Park, Bryce Canyon National Park, Arches National Park, and Canyonlands National Park. Our location is ideal for outdoor sports and activities, including hiking, biking, snowboarding and just about anything else you can think of to do outside.

SUU and Cedar City host a variety of cultural activities. We are home to the Tony-Award-Winning Utah Shakespearean Festival where you can take in Shakespearean plays, musicals, comedies and tragedies all during the summer and fall. Throughout the year you can enjoy concerts by orchestras and choirs, participate in fairs and community events and join other SUU students in the variety of campus activities offered by the student association.

If you get the urge to travel, we are just a 2 ½ hours drive from Las Vegas, Nevada and a 3 ½ hours drive from Salt Lake City, Utah where the 2002 winter Olympics were held. There is also a regional airport about 10 minutes from the university that serves as a gateway to travel all over the nation.

## **How to Get to Cedar City**

**By Air:** The easiest way to get to Cedar City is to fly directly here, either from Las Vegas, Nevada or Salt Lake City, Utah. We can pick you up from the airport and drive you directly to your lodgings. Let us know the day and time of your arrival, and your flight number. Flights DEPART daily from Salt Lake City at 4:50pm and 8:00pm or you can DEPART from Las Vegas at 1:45pm or 4:35pm.

**By St. George:** You can also fly into St. George, Utah, from either Los Angeles, California or Salt Lake City, Utah. If you choose this option, you must make prior arrangements with the Office of International Programs to pick you up. Let us know the day and time of your arrival, and your flight information. The drive from St. George to Cedar City is about 45 minutes.

**By Las Vegas shuttle:** You can also come to Cedar City by way of Las Vegas. This way is more complicated, as you will have to take a shuttle from the Las Vegas airport to St. George, Utah. The shuttle departs multiple times daily from the airport. The cost is around \$30 for the one-way trip, which must be paid in cash at the time you enter the shuttle. When you arrive in St. George, someone from the international office will be there to pick you up and drive you to Cedar City. You must make prior arrangements with the Office of International Programs for your pick-up.

## **Campus Information**

Most departments and offices on campus are open Monday-Friday from 8:00 AM – 5:00 PM.

The Library is open: Monday-Thursday from 7:00 AM – 11:00 PM  
Friday from 7:00 AM – 7:00 PM  
Saturday from 11:00 AM – 7:00 PM  
Sunday from 2:00 PM – 10:00 PM

Upon your arrival (or as soon as possible after, in the case of a late arrival), the Office of International Programs will conduct an orientation session with you. Among other information, you will be given a tour of campus and shown where your classes will be held. Depending on your program of study, all your classes may be held in one building, or spread around in different buildings on campus.

During your orientation, you will be taken to get your SUU computer login and personal email address. With this, you will be able to use any student computer on campus. You will also need your login if you plan to use your laptop here and access the SUU wireless and/or high speed wired internet connection. If you live on campus, you will be able to access both connections directly from your room. Otherwise, you will have to be at the library or a computer lab.

Laptops and personal computers ARE NOT required for you to study at SUU. However, if you would like to bring one you can.

Please check your emails daily or as often as possible. Your family will want to know you're ok and your professors may email you at times with updates on assignments or changes in deadlines.

## **Application Procedures**

The very first thing you should do if you wish to study at Southern Utah University is to CONTACT YOUR INTERNATIONAL OFFICE. They can help get you started with the process, including approval from your home university, and will contact us to let us know of your interest.

After this, you will need to send us your application materials which can be found at the end of this manual and online at [www.suu.edu/scps/studyabroad/international.html](http://www.suu.edu/scps/studyabroad/international.html). We will need your application and housing application as soon as possible. In order for your application to be considered complete, and for us to issue you the documents needed to obtain your J-1 student visa, **we will need all of the following:**

- Application form
- Transcripts
- A letter of support from your university stating that you understand English well enough to take classes
- Proof of financial support indicating that you have at least \$1,000 for every month you plan to attend SUU (\$4,000 for one semester, \$8,000 for 2). This can be shown with an original bank statement.

Before the official application deadline, we will also need to receive the following from you:

- Proof of health insurance, valid in the United States. If you don't have one, we have a list of some providers you can use.
- A list of the classes you wish to take at SUU approved by your university. You must be enrolled for at least 12 SUU credits during the semester.
- You must pay a \$55 application to the SUU admissions office. You can do this by contacting Trudy Smith at (435) 586-7744 or [smith@suu.edu](mailto:smith@suu.edu).

You can fax these documents to us at 1-435-586-1996 in order to expedite the process, then

ALSO send them via mail to:

Global Engagement Center

Southern Utah University

351 W. University Blvd.

Cedar City, UT 84720

USA

After we receive the first four items listed above, we will issue you your J-1 visa documents. We will send them by regular mail unless you request them to be sent by FedEx, in which case there will be a \$50 fee.

After we send your documents, you will need to contact your nearest American consulate/embassy through their website and pay the \$100 SEVIS fee. After that they will invite you for an interview and issue you your visa. Your International Programs advisor may help you with this process.

When you send us the classes you wish to take, please list at least three extra and indicate which classes are top priority. We will do our best to register you for the classes you most wish to take, but we cannot guarantee you a spot in all of them. Some classes require pre-requisites in order for you to be able to take them, and others might be full. We will let you know which classes we were able to register you for.
