2. **Not Attending:** Zack Stevensen (PVA), Pete Heilgeist (Admin), Nick Plott (Student AST), Jessica Ulrich (Student HSS)
3. **Approval of April 2003 Minutes:** Passed unanimously.
4. **Election of Committee Officials:** Pat Matteson conducted the elections. Pat nominated Julie Simon and Idir nominated Jeff Barnes for Committee Chair. Julie was elected by secret ballot. Jeff was then elected to serve as Vice Chair. Ben agreed to serve for another year as secretary and was confirmed by an audible consensus. A motion by Ben to thank 2002-3 officers passed unanimously
4. **IT Report.**

Glen gave a basic overview of our function as a committee for the benefit of any new members and students. "Basically," he said, "we have charted a 5 year plan and we will adhere to that plan." He continued to report that "we are currently at our peak technology level on campus. If prices hold steady, our plan can be followed without much change."

Glen also asked for input on our policy of complying with the requests of certain semi-open labs requesting toner and paper. Jeff felt the burden of paper and toner should be carried by the departments that use the labs as they already do in the Business Department. Glen agreed, but he didn't want students to suffer from a lack of support. Julie suggested we gather information from our departments and report back.

Glen reported that a campus game club had asked for technological support. Glen expressed his concern that labs modified for gaming may not work when needed the following morning. It was suggested that they ask Student Government for support.
5. **Related Action Items:**
  - a) Jeff motioned we gather information regarding our semi-open labs and their printing needs. Ben seconded and the motioned passed unanimously.
  - b) Jeff motioned we sympathize with the games club, but we lack the resources to provide a suitable environment. Seconded by numerous members and passed unanimously.
6. **Next Meeting:** Tentatively set for Thursday October 2, 2003, 4 p.m., ELC 405
7. **Adjourn:** 5:06 p.m.
