

December Campus Trainings

IVC Classrooms: Wednesday, December 3, 2014 from 3-4 p.m. Taught by Shane Flanigan in ELC 206.

Shane will be showing the IVC classrooms and how they could be used for courses and/or meetings. **IVC** is Interactive Video Conferencing. IVC can be done with a professors laptop, so while you are at a conference you could still teach your course through IV.
