Utah Higher Education Staff Association

2010 Legislative Priorities

UHESA would like to thank legislators for the support you have shown Higher Education in the past. We look forward to working with you during this 2010 legislative session with the following considerations:

- **UHESA is in favor of using a portion of the “rainy day” funds to help compensate for the economic downturn and lack of revenues to help legislators deal with the challenge of appropriating monies in “lean times”.**
- **UHESA would like legislators to assist Higher Education, by providing Mission-Based Funding as identified by the Board of Regents as each institution is striving to fill their mission and doing so with fewer employees than before.**
- **UHESA encourages the legislature to preserve as much funding for higher education as possible to ensure that education remains a possibility to all of our citizens who desire to attend. An investment in Higher Education would bring dividends.**
- **UHESA supports the Governor’s recommendation to hold Higher Education as harmless as possible.**

UHESA continues to be at the forefront in advancing the mission of Higher Education to help create a viable work force that can only enhance the economic outlook for the state of Utah in a positive manner. **UHESA thanks you for your support!**

We invite you and your constituency to visit us in the Capitol Building, Room 130
