THE BRISTLECONE CLUB

The oldest and hardest tree known to man, the bristlecone pine must defeat some of the most demanding terrain on earth in order to add its austere beauty to the landscape. In the same way, the Bristlecone Club members recognized here have done much to assist Southern Utah University in surmounting the challenges of the past to maintain its stellar reputation as a source for quality education. The Bristlecone Club recognizes annual gifts totaling \$500 to \$999.
