

SUU Mentor Teacher Acceptance/1099 Stipend Request
(Fax to SUU Field Service Office (435-586-5434))

The mentor teacher is perhaps the most influential person in the teacher candidate's clinical practice experience. The attitudes, teaching styles, sense of teamwork, and positive feedback mentor teachers exhibit toward teacher candidates are among the essential elements for a successful clinical practice experience. This is also a great opportunity for teachers to provide more one-on-one assistance to the students in their classrooms. Thank you for accepting this responsibility.
