### EDUCATION

- Ed.D. Educational Administration, University of South Dakota, 2003.  
Dissertation: *The Relationship Between School Library Media Programs and Student Achievement on Standardized Reading Tests in Utah.*
- Ed.S. Educational Administration, University of South Dakota, 2000.
- M.S. Information Media, St. Cloud State University, 1996.
- B.S. Industrial Technology Education, St. Cloud State University, 1990.

### EXPERIENCE

#### Interim Dean of Library Services, Southern Utah University, 2008-present

Responsible for the overall administration of the Gerald R. Sherratt Library including budgets, personnel, collections, curriculum, fundraising, policies, promotion, and planning. Areas of oversight include:

- Access services, technical services, special collections, library instruction, collection development, reference, systems, and special projects.
- School Library Media endorsement and M.Ed. program
- Information literacy course – LM 1010
- The Friends of the Library Advisory Board
- The Driggs Memorial Lecture
- SUU Press
- The Michael O. Leavitt Collection in conjunction with the Michael O. Leavitt Center for Politics & Public Service

Selected areas of progress:

- Created the Driggs Memorial Lecture with financial support from a donor and oversight of an advisory committee.
- Created the Friends of the Library Advisory Board with solicitation for general membership to be rolled out in fall 2009.
- Established an M.Ed. in school library media offered in cooperation with the College of Education.
- Developed a textbook reserve initiative funded by the library, SUU Bookstore, and student government. Selected textbooks will be put on reserve for two hour student checkout. This collection will be in place by spring 2009.

- Serve unofficially as a consultant to Utah school library media specialists on copyright issues.

Web Librarian & Assistant/Associate Professor of Library Science, SUU, 2001-2008.

Responsible for maintaining and organizing web-based library resources, teaching courses, selection of library materials, and fielding reference questions. Selected areas of accomplishment include:

- Received \$3910 in external funding for professional development
- Received \$4387 in provost development grants for professional development
- Received rank advancement to associate professor in 2006
- Received tenure in 2008
- Membership as graduate faculty, 2008
- Taught ED 3170, UNIV 1000, and LM 4890/6890 (live)
- Taught LM 1010, LM 4190/6190, LM 4200/6200 (online)
- Completed doctoral degree program in 2003 at the University of South Dakota
- Created a web-based electronic reserve application
- Created a web-based application to browse and submit orders for SUU Press publications

Library Media Director, Worthington Senior High School, Worthington, MN, 1998-2001.

Responsible for the overall operation of the school library media center including budgets, policies, collections, technology, student and personnel supervision, teaching information literacy skills, and providing professional development for teachers. Specific areas of achievement include:

- Worked with school administration, contractors, and architects on the design and construction of a new school library media center
- Assisted faculty and students with technology related issues
- Coached cross country and basketball and advised National Honor Society

Library Media Director/Administrative Technologist, Sioux Valley-Round Lake-Brewster Schools, Brewster, MN, 1992-1998.

Responsible for the overall operation of three rural school libraries as well as district technology including computer support, network administration, budgets, supervision of personnel, curriculum integration, faculty and staff training, and strategic planning. Areas of accomplishment include:

- Supervised staff in three libraries and worked with principals to integrate information literacy skills in the curriculum
- Retrospectively converted the collections of three school libraries

- Testified before a legislative sub-committee (with superintendent and state representative) to advocate for library and technology funding for rural schools in Minnesota
- Oversaw the installation and implementation of infrastructure necessary for internet access in three schools
- Coached baseball and basketball
