**Important syllabus statements related to ATTENDANCE and COVID-19:**

**Q: Do students need to wear face masks to class?**
A: No. Beginning May 17, 2021, the SUU campus will move from a “mask required” to a “mask friendly” environment, although masks will still be required for groups larger than 50 where social distancing cannot be practiced. During Summer 2021, face-to-face classes will look like spring (no in-person attendance requirements but students can be required to attend either in-person or via Zoom, face-to-face classes will be recorded, posted, and broadcasted). However, in classes of fewer than 50 students, the classroom will be mask friendly rather than mask required. Classes with more than 50 students that practice social distancing will also be mask friendly.

**Q: If a student does NOT want to attend face-to-face this summer, is there another option?**
A: All students who would normally attend face-to-face classes should plan to do so, unless they are ill or are concerned for their health. However, if a student is ill or concerned for their health, students will be able to complete classes during Summer 2021 whether they stay home or are here in Cedar City. Cameras and microphones have been installed in each instructional space (classrooms, labs and other venues) to ensure that students can attend face-to-face classes remotely if they become ill. This will allow any SUU community member to engage in classroom activities and protect their health. Faculty will also be able to teach remotely if they become ill. Students enrolled in face-to-face courses are encouraged to attend, but if they cannot due to COVID-related issues, they will be able to participate remotely in class discussions via Zoom, and recordings of each class session will be published in the Canvas course for students to view throughout the semester.

**Q: Would it be possible to participate in courses remotely for the entire Summer 2021 semester if desired?**
A: Yes. The intent is that Summer 2021 is normal and that students attend face-to-face classes; however, if they are symptomatic or concerned for their health, students can participate remotely. All students will be able to complete the summer semester from another location. Students should notify their faculty if they are completing the course from a distance rather than attending class in-person. International students will need to be mindful of how this will impact their status and to contact International Affairs if there are any questions.

**Q: Do students need special documentation to be allowed to attend classes remotely?**
A: No, students do not need special documentation to attend classes remotely. However, students should notify their faculty if they are completing the course from a distance rather than attending class in-person so expectations can be clearly understood. Remote attendance should be for those who are ill or symptomatic.

**optional ZOOM ETIQUETTE:** Your class may utilize the Zoom online conference system. To participate in Zoom meetings, you will need to have a way to communicate (a webcam, a microphone, a smartphone/landline, or using chat within the Zoom app). We will adopt the same rules and norms as in a physical classroom (take notes; participate by asking and answering questions; wear classroom-ready clothing). For everyone’s benefit:

- Join the course in a quiet, distraction free location
- Be aware of your background if you have video enabled
- Mute your microphone or phone unless you are speaking
- Close browser tabs and software not required for participating in class
- Remember that our classes are in the Mountain Time zone

The success of this class will depend on the same commitment to learning we all typically bring to the physical classroom.
ACADEMIC INTEGRITY: Scholastic dishonesty will not be tolerated and will be prosecuted to the fullest extent. You are expected to have read and understood the current issue of the Student Handbook (published by Student Affairs) regarding student responsibilities and rights, and for the intellectual property policy, information about procedures, and what constitutes acceptable behavior.

SSD determines eligibility for and authorizes the provision of services.
