Discussion Items

Intergrated Studies on Hold until Nov. 17 mtg. Jim Brandt's comments:

- Couldn't you reach the same goal with the BIS degree? Concerned about duplicity.
- With two minors, can you really go in depth enough to create a thesis? Vik Brown (?) - Ran into the same problem with Forensic Science degree.
- Is it really going to cost nothing? What about the part time program director?

Send out reminder email about everyone checking their schedule as the Dec. 8 meeting is during exam week.
