Outdoor Recreation in Parks and Tourism	This memo represents several changes to the current ORPT program requirements for each of the ORPT emphasis areas (Natural Resource Management, Outdoor Education, and Tourism). Though the changes are many they are relatively small in nature. Most of the changes are in response to interdisciplinary courses required of ORPT majors being offered through other programs on campus. Because courses offered outside the ORPT program change and evolve we need to update course numbers, delete some courses no longer being offered, and add additional course options that are relevant for our students. These changes will serve to provide current and future students with a clearer understanding of their options and expectations in route to completing their ORPT degree.	Fall 2014	Approved
PE Exercise Science	It is proposed that: 1) Three lab courses be substituted for PE 4800 (Studies in Exercise Science) as required core classes in the Physical Education Exercise Science Emphasis degree beginning the fall semester 2014 and that, 2) PE 4800 be moved to the course option requirements.	Fall 2014	Approved

Psychology BA, Psychology BS	The Psychology Department would like to make each of the courses in the <i>Methods</i> grouping 3 credits with a 1 credit lab. That means that PSY 3400 (Experimental Analysis of Behavior) would increase from a 2 credit lecture to a 3 credit lecture. A 1 credit lab would be added (as a co-requisite) to PSY 3410 (Research Design), PSY 3430 (Principles of Assessment), and PSY 4915 (Senior Project: Independent Research I).	Fall 2014	Approved.

SST – Shakespeare Studies	<p>These proposed changes incorporate changes approved by the University Curriculum Committee last year, outlined in items 1. and 2. below. Should, for whatever reason, the full slate of changes being proposed this year not be accepted, we offer a contingent list of catalog changes to be implemented reflecting only the already-approved changes from last year (following as “CONTINGENT” Proposed Changes / Entry pages). Should this year’s list of proposed changes be accepted, they incorporate and supercede those “Contingent” changes from last year.</p>	Fall 2014	<p>Can't list course that does not exist. Need to submit substantive form with back up to create SST 2300 by Feb 19th Approved contingent of receiving form <i>SST 2300 approved via canvas vote on 2/20/14.</i> Approved.</p>
