Transfer Students with less than 24 credit hours will be considered for admission and scholarships based on their college GPA and high school performance. Any questions should be directed to the Admissions Office at 435.586.7740.

ADMISSIONS INDEX

Southern Utah University utilizes an Admission Index to admit students. The index is a number derived from the combination of high school GPA and the results of either the ACT or SAT. The Admission Index will help determine whether an applicant has prepared sufficiently to expect academic success at the University. The numbers across the top of the grid are the range of possible high school GPAs; those down the left side represent the range of scores earned on the ACT or SAT.

Your personal Admission Index is the number within the chart at the intersection of the line down from your actual GPA and across from your actual score.
