

Application Deadlines

Because we are only able to take so many new students each semester, a flight spot is not guaranteed. Open flight spots are based on how many students leave the program (such as completing all their flight labs) each semester.

SUU Aviation is a competitive program. New students are only granted flight spots based off of their flight spot applications each semester.

SUU Application Deadline

Start your SUU application by these dates in order to complete the flight application process step 1 deadline on time.
