

AVIATION NEWS

JUNE 2020

C.O. Pilots

We hope this finds you well! Thank you for doing your part during these unprecedented times to keep not only yourself safe, but also your fellow classmates!

Make sure to utilize the Aviation Tutor Center, available daily, to help yourself be successful!

We hope to resume our monthly student events. To “kick things off” we will start with flag football! Stay tuned for more to come! We look forward to getting together again, and as always contact your C.O. Pilot with any help that you need!

Employee Moral

Hi everyone!

A big THANK YOU to everyone that participated in our Share Night with Culvers! We raised \$300! And a big shout out to the Co-Pilots who helped make it a success.

We will soon be getting the Employee of the Month and big meeting giveaways back on track so look forward to those!!

I appreciate all the support and effort everyone puts into these events. If you have any suggestions, please feel free to email me. Keep up the good work!!

Veterans Affairs

The Veterans Resource Center is open working remotely. Reach us at 435-865-8477

Employees leaving: Good Luck!!

Aviation Financial Aid

Rotor Aviation Scholarship- \$20K ONLY for Commercial training (lab 2276).

Scholarship recipients are chosen by the SUU Aviation Scholarship Review Committee. They will notify all applicants of their status via email. Scholarships will be paid directly to the student's SUU account and applied to the appropriate semester charges. Email aviationscholarship@suu.edu or call 435-586-7849 for more information. Application Deadline is June 30.

Check your Canvas notifications on the Aviation Announcements Course for weekly scholarship updates! If you need help on scholarship applications, contact Jocelyn Romanick at 435-586-7849.

Marketing Team

We have been adding some new items to the webstore. Keep your eye out for the new additions. suuaviation.itemorder.com

Please follow the SOP's when taking pictures and video inside of the aircraft.

Maintenance Team

Thank you for choosing SUU for your flight training, we have more students enrolled this Summer than ever! The maintenance team would like to remind you to please close the aircraft doors if you are not close enough to keep a hand on them. Stay hydrated, and fly safely. We will see you when you get back on the ground.

AVIATION NEWS

JUNE 2020

Safety!

We recently had an engine component fail in one of the helicopters. There were no previous maintenance issues, overspeed's, component recalls, etc. The engine manufacturer had not seen a component failure like this before. The failure occurred on short final to 1L9. It resulted in a sudden yaw, violent shaking and a decrease in power. The instructor made the correct action by lowering the collective to regain RPM and was able to make a successful run on landing to the runway. This is a good reminder that, even when everything is done correctly, something can happen at any time and at any location. I am sure neither the instructor or student woke up thinking "today will be the day that something goes wrong". This is why we train for emergency situations, fly safe altitudes/profiles and stay vigilant at all times. Good job on the safe landing. Stay vigilant!

AMT Program

The AMT department is in the process of bringing on a new AMT instructor. Summer classes in the hybrid program are going well and we expect to have some collaborative efforts between SUU and Chuck Aaron for the Rotorcraft course, which will receive its first cohort in the coming spring. We have received FAA authorization to teach all general courses online, which began in part this summer. SUU's AMT team is still pushing the PARTT 147 ACT which is now in committees in both the House and Senate and we are hopeful for the new law this Fall.

Aviation Advising

I hope you're all doing well.
There should be more FALL class sections soon.
If you are close to graduating PLEASE schedule appointments to do a GRAD check.
Have a great summer semester.
