

Readings and Conferences, Cooperative Education, Undergraduate Education, Nutrition Practicum, Internship

Interested students should contact faculty well in advance of desired experience. There are application processes/ waiting lists for some opportunities.

- *Registration for these courses requires instructor permission and signature.*
- *A syllabus, contract, and additional written assignments are required for each experience.*

NFS 4830: Readings and Conferences

This is used for a wide variety of experiences including self-directed online study programs, journal clubs, webinars, etc.

- Available Fall and Spring
- May earn 1-4 credits (students typically earn 1 credit per semester)
- Not offered every semester
- Pass/Fail

NFS 4840: Cooperative Education

Receive SUU credit for a nutrition-related paid work experience.

- Available Fall, Spring and Summer
- May earn 1-8 credits (1 credit for every 45 hours of work performed)
- Pass/Fail

NFS 4850: Undergraduate Research

Participate in a two-semester long research project.

- Available Fall and Spring
- Application plus instructor permission required
- May earn 1-5 credits (determined by the faculty member, typically 1 credit per semester)
- Letter grade awarded

NFS 4860: Nutrition Practicum

Hands-on volunteer nutrition experience in a professional environment. Includes shadowing of Registered Dietitians in professional workplaces (ie hospitals, clinics, schools, community programs, etc.), and volunteering in other nutrition-related environments (summer camps with a nutrition component, etc.)

- Available Fall, Spring, and Summer
- Instructor permission and a grade of "C" or better in two upper division nutrition courses (eligibility determined by faculty member) required
- May earn 1-8 credits (1 credit for every 45 hours of volunteer work performed)
- Letter grade awarded

NFS 4890: Internship

- *Not typically offered*
- *This is NOT a dietetic internship*
- May earn 1-12 credits
- Pass/Fail
