

Final Draft

SUU FESTIVAL OF EXCELLENCE

Celebrating Academic and Creative Scholarship

Plenary Session Schedule

MC-Peter Sham

Welcome to Southern Utah University's 2014 Festival of Excellence. I know this is going to be a great day as we share in the intrinsic talents of this remarkable campus. This is a day of learning in its truest sense. We have a robust schedule which includes presentations from over 350 SUU students, staff, faculty, and administrators, thus making it a rich opportunity not only to learn, but also to celebrate the artistic and intellectual vibrancy of the university.

With you, I look forward to embracing a day of academic excellence.

Provost Bradley J. Cook

Opening Remarks

9:05 Provost Bradley J. Cook

9:20 President Scott Wyatt

9:25 Faculty Keynote-David Berri, Professor of Economics

Research & Prosperity

Unlike high schools or community college, universities require people who teach to also do research. The purpose and benefit of research, though, tends not to be well understood. This brief talk will review how economic prosperity has changed throughout the centuries and the very important role research – the very activity students and faculty are presenting – plays in this process.

9:40 Student Keynote- Heidi Hertig

Comfort Zone

Heidi will explain how “Comfort Zone” has assisted in her learning experience here at SUU. Comfort Zone portrays the human experience and intense feelings that result from uncomfortable situations. The dance explores how individuals handle those encounters and the consequences that follow.

9:50- Door Prize drawing

Door Prizes Include 1) Ipad Mini 2) \$250 SUU Bookstore Gift Card 3) \$100 SUU Bookstore Gift Card

10:00 Dismiss for Session 1

Plenary Session (Opening Session)

Plenary Session Door Prizes: A red ticket will be handed to all individuals in attendance at the Plenary Session (9:00am)

- 1st Draw will receive \$400 Ipad Mini**
- 2nd Draw will receive \$250 gift card to SUU Bookstore**
- 3rd Draw will receive \$100 gift card to SUU Bookstore**

Passport Prizes: Current students are eligible to participate in the Passport Prizes. A Passport is a way for students to be involved with multiple presentation areas throughout the day. By attending session lectures, presentations and displays, a passport card is marked, by a specific stamp, indicating that the requirement has been fulfilled.

Prizes associated with this include an Ipad Mini, a beach cruiser pedal bike, and gift cards to the SUU Bookstore.

The first of 4 drawings from the roll cage which fulfill the minimum requirements for a level of prize, will win that prize.

- 7 or more completed requirements- \$400 Ipad Mini**
- 6 completed requirements- pedal bike**
- 5 completed requirements- \$100 gift card to SUU Bookstore**
- 4 completed requirements- \$75 gift card to SUU Bookstore**

All Day Events

*Engagement Center Displays (Great Hall-CC)

*MFA/Sr. BFA Portfolio Display (Charles Hunter- CC & Braithwaite Fine Arts Gallery)

*Student Film Makers (Sterling Church-SS)

*Frehner Museum of Natural History (1st floor SCA)

*Special Collections Display (000-LIB)

Pecha Kucha Presentations (Entertainment Bureau-SS)

*Indicates Passport credit for attendance

Acker	Kelsey	ED 202	1:30-1:45	Concurrent
Co-Presenters				
Title: Heritage Presentation				
Heritage Presentation				
Acton	Gregory	PE 121	10:35-10:50	Concurrent
Co-Presenters				
Title: Intergovernmental Internship Cooperative				
The IIC partners with SUU and many public land agencies including the NPS, USFS, BLM, and the BIA. Come learn of the leadership opportunities available at the IIC.				
Adams	Taryn	55 Starlight	3:15-3:45	Poster
Co-Presenters				
Title: Make it Stop! Physiological Responses to Infant Crying				
Using biofeedback equipment we measured physiological reactions to infant crying in relation to attachment style, parenting style and parental status.				
Alamilla	Crystal	55 Starlight	1:30-2:00	Poster
Co-Presenters Austin Reese Yougri Jung Donald Long				
Title: Effect of Inorganic Salts on the Aggregation of Cyanine Dyes in Aqueous Solution				
Cyanine dyes have an ability to form dimers and H- and J-aggregates in solution and on solid surfaces. Unique features like optical storage and ultrafast optical switching provide motivation to discover the properties of these certain aggregates.				
Alejandro	Jessica	CN Centrum Arena	1:30-1:50	Performance
Co-Presenters Kayla Clawson Amylia Ruybal Sara Harward Jeremy Muir				
Title: Escape to Clarity				
This piece focuses on the importance of making decisions for one's self and the pressure that comes with it. The dance shows life struggles we go through when making important and everyday decisions.				
eman	Parker	55 Entertainment Bureau	10:15	Concurrent
Co-Presenters Jessica Lim				
Title: YouBetchaPechaKucha				
PechaKucha is not a rare blood disease contracted from wild animals in sub-tropical plains in South America - come find out what is really is, how it started and why it's awesome!				
Allen	Tiffany	CN Centrum Arena	2:45-3:00	Performance
Co-Presenters Heather Studborn Thaddeus Cole Melanee Gardnex Stephanie Ham				
Title: The Pearl				
This dance was based of a poem about a pearl that is created by sand and the sand is representing aches of the foreign object. The sand creates this beautiful pearl, it teaches that pain can represent beauty.				
Anderson	David	ED 215	3:05-3:25	Concurrent
Co-Presenters Ed Bennett				
Title: The Hidden Threat of Botmasters and their Robot Armies				
Botnet masters and their robot armies wreak havoc on computers around the world. Computer security researchers seek to stop these botnet masters in their tracks.				
Armstrong Ph.D.	Seth	BU 101	2:45-3:15	Concurrent
Co-Presenters				
Title: Numerical Analysis for a Lotka-Volterra System with Diffusion				
We show where the equations for a predator/prey system come from, then study the interaction between them and prey that are both moving around locally (dispersing) in a closed environment.				

Barney	Steve	SS Entertainment Bureau	10:36	Concurrent
Co-Presenters				
Title: Study Abroad in Ireland, Lessons for an Old Professor				
With 20 students and 3 colleagues, we toured the Emerald Isle; saw incredible vistas, observed rich cultural traditions, and met some very interesting people. I will share observations about the importance of international student experiences.				
Baron	Kristy	EO 206	11:45-12:00	Concurrent
Co-Presenters				
Title: Heritage Presentation				
My personal family heritage and what I learned from researching my family's past. This project is geared toward elementary school students, to show them how important their heritage is.				
Barton	Dalton	SS Starlight	10:45-11:15	Poster
Co-Presenters				
Title: Predictions of Trait Inheritance				
Have you ever wondered what your offspring might turn out like? Well I have. That wonder is what inspired this project. Using family pedigree trait analysis and some research I predicted the probability of 10 traits in my own daughter.				
Barton	Sabrina	BC Braithwaite Fine Arts Gallery	All Day	Display
Co-Presenters				
Title: Graphic Design Packaging and Textile Design				
Considering the pattern on a shirts and shoeboxes being designed. My senior project incorporates designing patterns that are printed on fabric and creating packages to showcase the fabric.				
Barton	Stephanie	BC Braithwaite Fine Arts Gallery	All Day	Display
Co-Presenters				
Title: Senior BFA Capstone Project – 93.7 SKY FM Radio Station Branding				
Exhibition in the Braithwaite Gallery. I created a potential brand and tradeshow display for a new radio station that fits not only the new, more contemporary and trendy music of today and the 2000's, but was also made to last into the future.				
Barton Ph.D.	Matthew	CC Vermillion Cliffs	10:15-10:45	Concurrent
Co-Presenters Shawn Domgaard				
Title: "I Approved this Message": The Pornification of the Rhetorical Presidency				
This presentation examines the controversial ad "Your First Time," that ran as part of President Obama's re-election campaign. We explore the landscape of presidential rhetoric through the lens of the "pornification" of political discourse.				
Bash	Jayci	SC 016	12:10-12:30	Concurrent
Co-Presenters Claire Cleveland Rebecca Powell Melissa Wilkey				
Title: Insight Dubai Women's Conference Reflections				
Attendees from the recent Insight Dubai Women's Conference will share their experiences and reflect upon the opportunity to engage in an international conference.				
Bauer	Brennon	ED 204	10:30-10:45	Concurrent
Co-Presenters Amy Gifford				
Title: The Stability of a Semi-Implicit Numerical Scheme for a Competition Model Arising in Math Biology				
In this presentation, we propose a semi-implicit numerical scheme for a competition model in math biology. We also prove the unconditional stability, non-negativity, and convergence of this numerical scheme.				
Beck	Hilary	ED 206	10:15-10:30	Concurrent
Co-Presenters				
Title: What's In a Name				
Guiding students to learn more about their ancestors and what their name means to them can help build confidence and pride in who they are and where they came from.				

Boulton	Briana	ED 215	11:30-11:50	Concurrent
Co-Presenters Chris Cormier				
Title: Cadaver Analysis of Abdominal Aortas and Femorotibial Articulations				
We'll focus on healthy knee joints and abdominal aorta dissections and compare them to medically repaired specimens. A newly discovered knee ligament will also be discussed.				
Brant	Shane	ED 215	12:10-12:30	Concurrent
Co-Presenters				
Title: Music as a Social Movement Condition				
This presentation will look at how music is able to attend as a condition that stimulates social movements.				
Brant	Shane	SS Starlight	2:45-3:15	Poster
Co-Presenters Meskerem Tadesse Shawn Wright				
Title: Aspects of South Asia: A Cultural, Political, and Economic Perspective				
The sociological honor society, AKD, will be presenting a poster board that has been prepared by its members who visited Nepal and India. The presentation will discuss the cultural, political, and economic aspects of South Asia.				
Broussard	Christina	ED 206	2:15-2:30	Concurrent
Co-Presenters				
Title: Heritage				
Heritage Presentation				
Brown	Emeline	SC 214	1:50-2:10	Concurrent
Co-Presenters Gardner Stevenett				
Title: The Glorious (and Not-So Glorious) Deaths in "Gilgamesh" and "The Odyssey"				
The main protagonists in "Gilgamesh" and "The Odyssey" use their intelligence and physical skills to keep their comrades alive, and if a comrade dies outside of their control, the leader will try to gain more skills to keep more comrades from dying.				
Brown	Justin	SS Entertainment Bureau	10:50	Concurrent
Co-Presenters				
Title: Repercussions of Concussions				
This presentation will focus on the aspects of concussions in football, including the long term effects in a player's life.				
Brown MFA	Eric	BC Braithwaite Fine Arts Gallery	All Day	Display
Co-Presenters McKenzie Gallegos Madelyn Jones Derek Lawrence Darren Lewis				
Title: Anatomy Exploration: Surface & Subsurface				
These works are a symbiosis of drawings from a live model and from a skeleton in the same pose. Expanding upon Vesalius' drawings the understanding of what lies beneath the surface is a powerful tool for the artist.				
Bruggeman	Derek	ED 202	3:15-3:30	Concurrent
Co-Presenters				
Title: The Bruggemans in America				
How, When, Where and Why: The Bruggeman Family and their immigration to America. A brief insight into my Belgian and German ancestors.				
Budd	Spencer	CN 229	1:50-2:10	Concurrent
Co-Presenters Jacob Preston				
Title: High School Students with Pre-Medical Interests Visit the SUU Human Anatomy Lab				
SUU students that have excelled in the cadaver practicum courses have developed a liaison between our Anatomy Program and the Iron County School District.				

Challis	Art	SS Entertainment Bureau	11:04	Concurrent
Co-Presenters				
Title: University Learning				
Reading and creating a reading list is the focus of this presentation, and the conclusion will hopefully persuade attendees to continue to educate themselves following graduation through reading.				
Cravez	Devan	SS Entertainment Bureau	11:11	Concurrent
Co-Presenters				
Title: Muay Thai: A Positive Culture				
A overview of Muay Thai, the national sport of Thailand, including religion, training, gym families and children fighters in this potentially violent sport.				
Childs	Connie	PE 120	10:15-12:30	Concurrent
Co-Presenters				
Title: International Smuggling: Works of Art, Collectors' Pieces, and Antiques				
The smuggling of cultural artifacts is an international problem. Comparing US customs import data records with export records of other countries indicates strong discrepancies and is correlated with corruption levels of exporting countries.				
Chipman	Jefferson	SC 114	3:05-3:25	Concurrent
Co-Presenters				
Title: An Introductory Student's Perspectives on a Great Geology Field Trip to the Book Cliffs of Utah				
My perspectives as an introductory geology student on the value and importance of real world experiential learning that takes place out in the field.				
Christensen Ph.D.	Bryce	CC Shooting Star	2:45-3:15	Concurrent
Co-Presenters				
Title: Darwin vs. Wallace: When Poetry Dies, When Poetry Lives, in the World of Science				
Charles Darwin and Alfred Wallace--co-discoverers of Natural Selection--shared a commitment to epoch-making science. They did not share the same attitude toward poetry. This eye-opening presentation will explore the reason why!				
Crook	Ammon	CC Yankee Meadow	3:25-3:45	Concurrent
Co-Presenters Jeremiah Crook				
Title: WECCO Anode Recycling Process				
WECCO, in one of their processes, uses anodes that contain lead dioxide, graphite, and copper. The lead dioxide makes disposal expensive. This project is attempting to find ways to recycle all or portions of the anodes.				
Clarke	Patrick	CC Yankee Meadow	2:00-2:30	Concurrent
Co-Presenters Patricia Keehley Ph.D.				
Title: Building a Study Abroad Program for Graduate Students				
This presentation will detail the processes of developing a study abroad program geared specifically for graduate students. Learn how MPA students were able to apply their administrative skill set in the context of a study abroad program.				
Cleveland	Claire	SS Entertainment Bureau	1:30	Concurrent
Co-Presenters				
Title: Connecting College Students to Career Success: A Holistic Approach to Return on Investment				
As the costs and benefits of a college education are being critically evaluated, students are seeking sustainable return on their investment. Development of career self-concept may be the critical link that drives the desired results.				
Coker	Karyn	SS Starlight	10:45-11:15	Poster
Co-Presenters				
Title: Influencing Judgments of Learning and Memory Accuracy with Deceptive and Valenced Stimuli				
Research has tested memory accuracy and judgments of learning (JOL), with semantic or valenced stimuli, but not together. This study used both types of stimuli to assess the combined effect on accuracy, and confidence on matched word pairs.				

Cozzens B.S.	Richard	CC Shooting Star	11:30-12:30	Concurrent
Co-Presenters	Brent Judd	Tracy Davis	Mark Anderson	Kelly Wood
Title: Rural High Schools Piloting the "Introduction to Engineering and Technical Design" TICE Curriculum				
Introduction to Engineering and Technical Design (TICE) Curriculum and share experiences with anybody that might be interested in incorporating this curriculum at their school or interested in learning from their experience.				
Crenshaw	Colbie	SS Entertainment Bureau	10:43	Concurrent
Co-Presenters				
Title: The History of M&M's				
See this presentation to learn about the history and evolution of one of America's favorite treats!				
Darger	Helena	SS Starlight	11:30-12:00	Poster
Co-Presenters				
Title: Morality And Values				
The following study pertains to the presence, prevalence, and persistence of moral hypocrisy among subjects of differing religious backgrounds.				
Dickinson	Ashley	ED 202	10:45-11:00	Concurrent
Co-Presenters				
Title: My Heritage				
My presentation is about my own heritage and how the way you present to elementary students can make a difference.				
Ditty	Stephen	SS Entertainment Bureau	11:44	Concurrent
Co-Presenters				
Title: Brother				
A Pecha Kucha about how gaming brought together friends and created the bonds of friendship.				
Law	Jenifer	SC 214	3:25-3:45	Concurrent
Co-Presenters	Melanie Jensen	Deena Marchel		
Title: Creation or Uncreation? Gruesome Births in Milton's Paradise Lost				
This paper explores the grotesque births in Milton's Paradise Lost and ideas about dark creations, toxic wombs, and de-masculinization resulting in the concept that good vs. evil is predestined due to a gruesome birth.				
Dubrasky Ph.D.	Danielle	CC Shooting Star	3:15-3:45	Concurrent
Co-Presenters				
Title: From Dreamer to Poet: The Symbolic Transformation of Thomas in Rita Dove's Thomas and Buelah				
"Poetry as Survival" Gregory Orr argues that one can cross the threshold of the traumatized dreamer into the poet through the use of symbols.				
Eagan MFA	Patricia	LIB 002	12:00-12:30	Concurrent
Co-Presenters				
Title: Ruffian in the Dimond				
Patricia reads a selection from her MFA manuscript at the University of Pittsburgh. Her creative nonfiction memoir is a hybrid of personal essay and narrative journalism set in several U.S. cities.				
Eastep Ph.D.	Briget	LIB 201a	10:15-10:45	Concurrent
Co-Presenters	Breezy Bassett	Kevin Koontz		
Title: The Value of Outdoor Engagement				
Outdoor education has been linked to lifelong learning outcomes with participants gaining knowledge and skills used throughout their lives (Neill, 2006). Explore how you can enrich your life through adventure and enjoying nature.				

Fagg	Tristen	SS Entertainment Bureau	12:19	Concurrent
Co-Presenters David Baxley		Devin Jackman	Emalee Smith	Karyn Vincent
Title: The Voice of Southern Utah University				
The talent of SUU is published yearly in a review journal called the Kolob Canyon Review. Highlighting literary works as well as art pieces produced by SUU students and alumni, the KCR is staffed by dedicated English and design students.				
Marrr	Hailey	SS Starlight	11:30-12:00	Poster
Co-Presenters				
Title: Analysis of Poverty and its Effect on Youth				
My presentation will be based around my senior project. Using my sociological eye encompassed with my service based research at The Family Support Center I have examined the various effects of poverty on youth.				
Feild	Cooper	ED 204	10:15-10:30	Concurrent
Co-Presenters Chris Saucedo				
Title: The Homeless Population of Las Vegas, Nevada: A study of Health and Lifestyle				
We investigated the health and lifestyle of the homeless population of Las Vegas, NV. Test and survey results were surprising, leading us to question previous assumptions about the group and to develop new explanations for the results.				
Felix MLS	Loralyn	BU 208	12:00-12:30	Concurrent
Co-Presenters				
Title: Exploring the Future of Library Technical Services				
New technology has been the catalyst for many of the changes that have occurred in libraries through the years, and those transformations have frequently directly impacted library technical services departments.				
Floyd	Jessica	SS Starlight	11:30-12:00	Poster
Co-Presenters				
Title: A Sociological Look at Headstart				
This presentation is about things I learned while completing my Capstone project. For my Capstone project I served at Headstart. While serving there I noticed some sociologically significant issues that Headstart addresses.				
Ilegos	Alma	PE 101	11:30-11:50	Concurrent
Co-Presenters				
Title: Social Justice Issues Between Canada and the United States				
What is the difference in the legal process between Canada and the United States?				
Gerlach MFA	Jessica	SS Starlight	11:30-12:00	Poster
Co-Presenters				
Title: Using Our Hands: What Hand-Setting Type Can Teach Design Students About Typography				
Flourishing at SUU is letterpress printing, one of the oldest typographic printing. I have been incorporating letterpress printing into my own work and student's work in typography courses.				
Gleave	Madeline	SS Starlight	2:00-2:30	Poster
Co-Presenters Tyler Argyle		Chad Parsons	Travis Bulloch	
Title: Patterning Model Proteins in Supported Lipid Bilayers with Magnetic Tweezers				
Many cell communications are mediated by the arrangement of membrane proteins. We are attempting to pattern model proteins in lipid bilayers, which could have applications ranging from allergies to cancer treatment if successful.				
Gollaher	Tia	CC Charles Hunter	All Day	Display
Co-Presenters				
Title: Rowdy Tailgating Supply Co.				
Gallery exhibition - Tailgating supply company that conveys a fun, classy, vintage feeling, with modern twist.				

Hardy Betsy ED 206 3:30-3:45 Concurrent

Co-Presenters

Title: Hardy Heritage

Personal heritage of family

Hargrave Reko ED 215 10:15-10:45 Concurrent

Co-Presenters Brittney Hernandez Jared Wilcken

Title: Kind of a FIG deal: Focused Interest Groups (FIGs) Mean Improved Retention

Focused Interest Groups (FIGs) at SUU were implemented to engage freshmen science and engineering students in their very first semester. This program helps with registration, promotes connections and improves retention.

Hargrave Ph.D. Jennifer LIB 002 2:45-3:15 Concurrent

Co-Presenters

Title: Uniformitarianism: Why Lake Turkana, Kenya, is Important to You

This presentation discusses several examples of how geology impacts our daily lives. Including an example from Kenya

Harmon Rachel SS Starlight 12:00-12:30 Poster

Co-Presenters

Title: Volunteer Experience: Canyon Creek Women's Center

In my presentation I will discuss domestic violence trends in Utah as well as different types of abuse. This presentation also covers teen dating violence, rape and sexual assault as well as the different types of abusers.

Harris Ph.D. Kurt GU 110 12:00-12:30 Concurrent

Co-Presenters

Title: Dickens on China, or What Hard Times Can Teach Us about Present-Day China

The commonalities of 19th-century England and 21st-century China. Charles Dickens addressed problems resulting from England's Industrial Revolution.

Harrison Chase PE 101 11:50-12:10 Concurrent

Co-Presenters

Title: Man Up!: Millennial Men and What They Mean

A presentation exploring modern masculinity, combining elements of scholarly research, popular culture, and personal experience to present a study of what men mean in a time when concepts of gender, place, and identity are being rewritten.

Harrison Ph.D. James SC 114 12:00-12:30 Concurrent

Co-Presenters

Title: Albrecht's Grail Temple in Light of Sassanid and Zoroastrian Influences

This paper deals with a medieval work of German literature, Der juenere Titurel, in which there is a lengthy description of the Temple of the Holy Grail. This paper summarizes attempts to find an actual building similar to this temple.

Harvell Ph.D. Lindsey SS Starlight 11:30-12:00 Poster

Co-Presenters Glenn J. Hansen UO

Title: The Moderating Role of Mortality Salience: An examination of political ideology, emotion, and political advertisements

The purpose of this study is to examine terror management theory in conjunction with immigration and economy political issue advertisements.

Harvell Ph.D. Lindsey BU 208 2:00-2:30 Concurrent

Co-Presenters Tyler Stillman Ph.D. Gwendelyn S. Nisbett UNT Amber Marabella SUU Kyle Cranney SUU

Title: Death, Flight Anxiety, and Consumerism: A case study of Las Vegas McCarran International Airport

This presentation will feature results from a consumerism study examining the relationship between death anxiety, flight anxiety, and consumerism at Las Vegas McCarran International Airport.

Heyborne	Nathan	CN 229	2:10-2:30	Concurrent
Co-Presenters Preston Manwill				
Title: Antimicrobial Properties and Composition of Essential Oils Isolated from <i>Ericameria linearifolia</i> (Asteraceae)				
Plants produce myriad secondary metabolites (essential oil) that play a role in ecological interactions. We hypothesized <i>E. linearifolia</i> oil inhibits native soil bacteria with which it has evolved more than bacteria from non-associated soils.				
Heyborne Ph.D.	William	5C 214	11:30-12:00	Concurrent
Co-Presenters				
Title: Too Quick to Flip?				
This talk will present the findings of a recent experiment in an introductory biology course, which suggest that a flipped classroom may be no better than a traditional lecture classroom in terms of student learning gains.				
Hill	Curtis	ED 204	3:15-3:45	Concurrent
Co-Presenters Blaine Edwards				
Title: How SUU Created One of the Most Productive College Student Group Therapy Programs in the Country				
Growing a remarkably successful group psychotherapy program from scratch. Successes achieved and lessons learned.				
Hill Ph.D.	Deb	BU 208	3:15-3:45	Concurrent
Co-Presenters				
Title: American Public Education				
The U.S. PISA scores are stagnating. The key is to look at the similarities of the successful countries - success being countries that scored above the OECD average. What do we know about these high performing nations?				
Hinton	Victoria	SS Starlight	10:45-11:15	Poster
Co-Presenters Trisha Matsuura Ashley Ostler Artis Grady M.Ed. Matt Schmidt MS				
Title: Body Image Among Female Collegiate Athletes at Southern Utah University				
This study surveyed 168 female athletes in 12 sports about body perception and eating behaviors. Do they acquire increased negative views towards body image and food due to the pressures of being a collegiate athlete at Southern Utah University?				
hbs	Amber	ED 202	11:30-11:45	Concurrent
Co-Presenters				
Title: My Legacy of Learning				
Come to this presentation to see how education has changed throughout the years. You will see how depression affected schools and see how much a teachers salary used to be.				
Holsten	Rebecca	55 Starlight	10:15-10:45	Poster
Co-Presenters Jantzen Bruch Kyle Ozaki				
Title: Effects of Caffeine and Taurine on Heartrate, Blood Pressure, Energy Expenditure, and Reaction Time				
Measuring the effects of ingredients of popular energy drink on certain aspects of physical performance. We will discuss if the energy drinks verses caffeinated soda had any effect on physical performance.				
Holt	Hailee	SS Starlight	2:45-3:15	Poster
Co-Presenters Nathan Werner Ph.D.				
Title: Synthesis of Monobactam Antibiotics by Visible Light Photocatalysis				
Organic compounds with antibiotic properties are a cornerstone of medicine and human health. This research is focused on the discovery of new expedient ways to synthesize antibiotic compounds from simple starting materials.				
Howard Ph.D.	Bruce	LI8 201a	2:45-3:15	Concurrent
Co-Presenters				
Title: Evaluation of the Bruker AXS SMARTBREEZE X-ray Diffraction System for Protein Crystallography				
This research project is aimed to evaluate whether the SMARTBREEZE system, designed for small-molecule crystals, can be used effectively for data collection from protein crystals.				

Johnson	Jake	LIB 201a	1:30-2:00	Concurrent
Co-Presenters Stephen Allen				
Title: Retaining More Students at Southern Utah University				
Students report various reasons for departing the University before completing a degree. The presenters will discuss those reasons and how the University is and will continue to intervene to keep them pursuing their educational goals at SUU.				
Johnson	Brakel	ED 202	2:15-2:30	Concurrent
Co-Presenters				
Title: Heritage Presentation				
I will present my heritage fair project.				
Johnson	Michelle	SS Starlight	2:45-3:15	Poster
Co-Presenters				
Title: The Teddy Bear Den Project				
The purpose of this project is to examine the structural and institutionalized influences on the program, the Teddy Bear Den.				
Jolley	Kassidy	ED 202	10:15-10:30	Concurrent
Co-Presenters				
Title: More Than Meets the Eye				
I am digging deep in my heritage to find out what else is there and ask the age old question of where did I come from. It's a decorative and tasty look into my heritage and what happened hundreds of years ago.				
Jonas	Karina	SS Starlight	10:15-10:45	Poster
Co-Presenters Nathan Werner Ph.D.				
Title: Discovery of New Reactions for Antibiotic Synthesis				
Monocyclic beta-lactam compounds are a class of small organic molecules that possesses the ability to treat penicillin-resistant Gram negative pathogens.				
Jones	Mandy	SS Starlight	10:15-10:45	Poster
Co-Presenters				
Title: Education Students with Disabilities in Youth Correctional Facilities				
I will be presenting on special education in youth correctional facilities (YCF) and discuss how YCF are falling short in certain areas of the IDEIA and suggest solutions that will help these students in YCF get the FAPE they deserve.				
Jones	Patrick	SS Entertainment Bureau	11:58	Concurrent
Co-Presenters				
Title: The Art of "Mein Kampf"				
Throughout history, political figures have come and gone. In this presentation we will look at the art of one of the most famous and influential men of all time.				
Judd	Kimberlee	SS Entertainment Bureau	1:51	Concurrent
Co-Presenters				
Title: The Bone Collector				
This presentation shares how one industrious student has helped finance education through shed hunting.				
Kansagra	Harsh	ED 204	11:00-11:15	Concurrent
Co-Presenters Preston Manwill				
Title: Antimicrobial Properties of Hydrosols Isolated from Anthoxanthum (Poaceae) Against Soil Bacteria				
Secondary metabolites of Anthoxanthum (sweetgrass) were analyzed and tested against root and non-root associated bacteria to determine their antimicrobial properties. Two A. odoratum strains were also examined to determine relationship.				

Kobayashi Ph.D.	Michiko	SS Starlight	10:15-10:45	Poster
Co-Presenters				
Title: Using Web 2.0 in Online Learning: What Students Said About VoiceThread				
VoiceThread is an asynchronous online discussion board with audio/video capabilities. Thirty-five online students engaged in different activities using VoiceThread. The author presents the pedagogical value of VoiceThread in online learning.				
Lamb	Christopher	SS Starlight	1:30-2:00	Poster
Co-Presenters Jonathan Wickes Tyson Torgersen Sacha Toussaint				
Title: Microfluidic Device Fabrication Made Simple				
Microfluidic devices are common in many applications, particularly medical testing. We have developed an inexpensive way to create microfluidics that may be applicable to other applications, such as chemistry research and teaching.				
Lanning MLS	Scott	PE 121	1:30-2:00	Concurrent
Co-Presenters Phil Roche MLIS				
Title: Determinants of Success in an Online Information Literacy Course				
This presentation examines external and internal factors that contribute to success or failure in a web-based course. Data was gathered from LM 1010 classes to determine what, if any, variables contributed to the student's success or failure.				
Larkin Ed.D.	Marty	LIB 002	10:15-10:45	Concurrent
Co-Presenters				
Title: Utah Teachers and the New Utah Mathematics Core Curriculum				
The New 2010 Utah Mathematics Core realigns the concepts from Algebra I, Geometry, and Algebra II and emphasizes the Mathematical Teaching Practices to actively involve students to discover concepts in depth.				
Larson Ph.D.	Paul R.	SS Starlight	10:15-10:45	Poster
Co-Presenters C. Frederick Lohrengel II				
Title: A New Mathematical Value for Establishing the Semiarid/Humid Climate Frontier				
Describes a new method of defining the semiarid-humid climatic frontier.				
son Ph.D.	Abigail	PE 307	11:30-12:30	Concurrent
Co-Presenters Camille Thomas Ph.O.				
Title: Experiential Learning Using Blood Lactate Analyzers to Understand Bioenergetics				
The Department of PEHP recently obtained three portable blood lactate analyzers. This presentation will highlight how these new analyzers are used to teach bioenergetics in our department's strength and conditioning classes.				
Latham	Saibra	SS Starlight	11:30-12:00	Poster
Co-Presenters				
Title: The Beehive Home				
This project will inform you of the wonderful opportunities and extraordinary care The Beehive Home brings to Iron County's Elderly.				
Lavoie	Casey	SS Entertainment Bureau	1:58	Concurrent
Co-Presenters				
Title: Worlds Healthiest Foods				
Enhance your life! Learn about the worlds' healthiest foods and the benefit that each food has to your health. See pictures of various foods and possibly learn the ten healthiest foods.				
Layton MSN	Selwyn	SS Starlight	10:15-10:45	Poster
Co-Presenters				
Title: Cultural Competence Simulation In a BSN Program				
This poster presentation describes four cultural competence simulations utilizing a high fidelity mannequin, given to third and fourth level SUU nursing students, how the simulations are set up, and implications.				

Mack	Todd	CN 227	1:30-2:30	Concurrent
Co-Presenters	Scott Jeppson	Matthew Jeppson	Kasen Lisonbee	Gordon Garrett
Title: Dungeons & Dragons in the Classroom: A Role-Playing Approach to Teaching and Learning History and Culture				
SPAN 3510 class describes how this semester they have leveraged theories of games and gaming in class in order to more fully engage students in and excite them about their study of Spanish history and culture.				
MacLean Ph.D.	Johnny	LIB 201a	11:30-12:00	Concurrent
Co-Presenters				
Title: Reactivation of the Ruby's Inn Fault Near Bryce Canyon				
New observations of fault planes exposed near Bryce Canyon reveal at least two periods and styles of deformation. Such deformation could help control the development of hoodoos in the area.				
MacLean Ph.D.	Johnny	BU 208	2:45-3:15	Concurrent
Co-Presenters				
Briget Eastep Ph.D.				
Title: Climbing the Mountain of Assessment: Academic Rigor in Outdoor Experiential Education				
The Harry Reid Outdoor Engagement Center has developed a preliminary model to assess academic rigor in outdoor experiential education using rubrics for the Problem Solving and Integrative Learning ELOs.				
Malin	Staci	ED 206	10:45-11:00	Concurrent
Co-Presenters				
Title: Heritage Fair Presentation				
Learn about my heritage and where my family comes from along with why teaching social studies in school is important.				
Maman	Stephan	ED 215	11:50-12:10	Concurrent
Co-Presenters	Holden Wagstaff	Matthew S. Weeg Ph.D.	Mary Jo Tufte M.Ed.	
Title: The Effect of Essential Oil Derived from Umbellularia Californica on Frog Tongue Vasculature				
This study looks at the effect of essential oil derived from umbellularia californica on frog tongue vasculature. Previous studies link the oil to cluster headaches, which may be caused by vasospasms.				
Manning M5	Jacob	BU 208	1:30-2:00	Concurrent
Co-Presenters	Scott Jones	Brittney Worthen	Kelsie Davies	
Title: Rafting the Colorado River--Again				
Join us on our trip down one of the worlds most spectacular river corridors the Colorado River.				
Manning M5	Jacob	SS Starlight	3:15-3:45	Poster
Co-Presenters	Mark DeBeliso Ph.D.	James Navalta	Giovanni Trilleras	Jeffrey Montes
Title: Cardiovascular and Perceived Exertion Comparison of Uphill Versus Downhill Portions of a Trail Hike				
Aimed at determining the accuracy of laboratory results suggesting that downhill walking induced lower cardiovascular and perceived exertion, this study sought to determine if these findings would be replicated in a non-laboratory setting.				
Manwill	Preston	SS Starlight	3:15-3:45	Poster
Co-Presenters				
Title: Cloning and Expression of β -Caryophyllene Synthase From <i>Ericameria Linearifolia</i>				
Caryophyllene is a medicinally important compound produced by some plants. The Caryophyllene Synthase gene and protein are being characterized from a native shrub <i>Ericameria Linearifolia</i> for sequence and structural analysis.				
Marchal	Deena	5C 214	2:45-3:05	Concurrent
Co-Presenters	Melanie Johnson	Jenifer Drew		
Title: "Measure for Measure – Balancing the Scales of Justice"				
An essay discussing the relationship between William Shakespeare's "Measure for Measure" and the opportunities for political reform under the new monarchy of James I.				

McDonald	Nathan	SS Starlight	10:15-10:45	Poster
Co-Presenters Kari Heaps Nathaniel Tagart David Wicai				
Title: The SUMA Education Model				
Dedicated to experiential learning, The Southern Utah Museum of Art is a laboratory where students, faculty and the community learn together through creative projects. Come to see innovation through collaboration.				
Donald Ph.O.	James	CC Great Hall	2:00-2:30	Concurrent
Co-Presenters				
Title: How Morocco Avoided Arab Spring				
Morocco has a complex political topography. Emphasis will be placed on the current king's reforms, the role of Islamic political parties, and the importance of an informal economy that largely deflected Arab Spring.				
McFarland	Thomas	BU 101	2:00-2:30	Concurrent
Co-Presenters				
Title: Incredible HDR Photos: Making Images with Very High Dynamic Range				
"Bizarre", "Vibrant", and "Alive" are words used to describe a new class of photos, known as HDR (high-dynamic-range) images. This presentation spotlights exceptional HDR images, giving step-by-step instructions for how they were created.				
McNabb	Griffin	SS Starlight	11:30-12:00	Poster
Co-Presenters				
Title: Coaching College Football from a Sociological Perspective				
Experiences from my service as a football coach at Snow College will be shared and also compared with scholarly journal articles within the field of sociology, which cover a variety of topics that directly relate to both my service and research.				
McNeel	Tessa	E0 204	2:45-3:15	Concurrent
Co-Presenters Melanee Mariner Alecia Hunter				
Title: Study Abroad Trends at SUU				
This presentation will discuss a recent survey taken at SUU. We will describe the trends relating to the students' understanding of study abroad programs.				
acham	Josh	CC Shooting Star	1:50-2:10	Concurrent
Co-Presenters				
Title: SMEAD Intern Solves Corporate Machine Design Problem; 3D Solid Modeling and Analysis in Industry				
An Integrated Engineering student, minoring in CAD/CAM Technologies, discusses the advantages of using computer software to analyze the structural integrity of modifications made to Smead Manufacturing production equipment.				
Mendenhall Ph.O.	Kimberly	SS Starlight	10:45-11:15	Poster
Co-Presenters Aubrey Guyant				
Title: The Effectiveness of Imagine Learning Literacy Program with English Language Learners				
This program addresses the effectiveness of the Imagine Learning Literacy Program for English-language learners.				
Merrill	Nicole	ED 202	10:30-10:45	Concurrent
Co-Presenters				
Title: My Heritage - Who Are You Related To?				
What is the best way to spark student's interest in history? Let's learn about our own! Instructing elementary student's on how to learn about their families history.				
Mickelson	Ariel	SS Entertainment Bureau	2:59	Concurrent
Co-Presenters				
Title: The Power of Personal Investment				
Motivating, experiencing, discovering, and embracing a lifestyle of personal development and growth. Learn three key habits to achieve this for yourself.				

Motasim	Yasmin	CC Yankee Meadow	11:30-12:00	Concurrent
Co-Presenters Lark Hovey				
Title: Beyond the ESL Classroom: How Learning About Challenges and Resolutions Enhances the ESL Learning Experience				
Many people assume that the sole purpose of an ESL program is to teach students new linguistic structures and communication methods. In this presentation we would like to reflect on how ESL goes beyond this perception.				
Mulderink Ph.D.	Earl	CC Great Hall	3:15-3:45	Concurrent
Co-Presenters				
Title: America's Civil War: Hollywood vs. History				
This presentation is a reprise of the 2013 Grace A. Tanner Distinguished Faculty Lecture. Using a multimedia format, Professor Mulderink discusses how Hollywood filmmakers have depicted the American Civil War.				
Muller	Cheyenne	CC Vermillion Cliffs	2:45-3:05	Concurrent
Co-Presenters				
Title: The Process that is Due: Rape and Sexual Assault Victims Revictimized at Utah Universities				
What is being done for rape and sexual assault victims on college campuses and how are federal laws contributing to the rampant revictimization? Come listen to see why this affects you and your peers.				
Murray	Shaun	SS Starlight	12:00-12:30	Poster
Co-Presenters				
Title: The BeeHive Home				
Getting a sociological perspective at The BeeHive Home which gives a better understanding of people and the current setting.				
Murray Ph.D.	John	CC Yankee Meadow	10:45-11:15	Concurrent
Co-Presenters Ryan Bingham Erin Elder				
Title: The Design and Construction of a Tiny House: Small is Beautiful				
The design & construction of 'Vagabond House,' a sustainable, solar-powered, 160 sqft residence, permanently installed on a flat-bed trailer for a client requiring a mobile base of operations, will be reviewed in this presentation.				
Myers	Sarah	ED 206	3:00-3:15	Concurrent
Co-Presenters				
Title: Myers Heritage				
My study and findings from my personal family history and heritage.				
Nair Ph.D.	Radhika	BU 110	2:00-2:30	Concurrent
Co-Presenters				
Title: Imines Derived from Amino Acids, and Their Transition Metal Complexes				
This project proposes the synthesis of imines derived from amino acids and their complexation with transition metals. This work also aims at studying the potential biological activity of both uncoordinated Schiff bases and their metal complexes.				
Nautu	Leilani	SC 016	2:00-2:30	Concurrent
Co-Presenters				
Title: Making a Difference				
Come and learn how Action Research can help you make a difference, complete your EDGE project, and give you tips on how to be a life-long action researcher.				
Newbold	Nicole	ED 206	12:00-12:15	Concurrent
Co-Presenters				
Title: My Personal Heritage				
A report about the Newbold name, where my ancestors came from, and what makes my family special and unique.				

Overson	Amber	ED 202	2:45-3:00	Concurrent
Co-Presenters				
Title: My Heritage				
Fascinating presentation about my family heritage.				
Passey	Devin	CC Shooting Star	10:15-11:15	Concurrent
Co-Presenters Brad Lundell Brian James Jacob Anderson Rolando Rereira				
Title: Rapid 3D Scanning and Prototyping				
Using revolutionary hardware and software, we have designed a handheld, wireless 3D scanner capable of scanning any object and importing the object as a digital model. With this, the physical world and digital frontier move ever closer.				
Paystrup Ph.D.	Patricia	BU 110	1:30-2:00	Concurrent
Co-Presenters				
Title: The Fracas Over Fracking: Colorado Communities Contest the "Risk" of New Technologies				
Using editorial cartoons to focus on the clash of science and politics in battles over the riskiness of "fracking" shale deposits for oil and natural gas, this presentation examines the advocacy strategies of supporters and opponents in Colorado.				
Pearson MACC	Mary	SS Starlight	1:30-2:00	Poster
Co-Presenters				
Title: Student Engagement				
Dream Big! Student involvement in career exploration and their future. What I have learned from international teaching opportunities.				
Pellegrini	Matt	SS Entertainment Bureau	11:30	Concurrent
Co-Presenters				
Title: The Greatest Public Speakers of All Time				
Hear about the greatest public speakers of all time, including their strengths, what made them the best public speakers, and what they used their skills for.				
Pellegrini Ed.D.	Tony	BU 110	10:45-11:15	Concurrent
Co-Presenters				
Title: Collaboration Between School District and College Classes				
A continuum of teaching experiences from high school through graduate school.				
Pellegrini Ed.D.	Tony	SS Entertainment Bureau	2:12	Concurrent
Co-Presenters				
Title: Leadership Lessons - Michealangelo and Leonardo - 1504				
Leadership lessons we can learn from the artistic duel between Michealangelo Buonarotti and Leonardo da Vinci in 1504 in Florence, Italy.				
Perez	Fabiola	SS Starlight	2:00-2:30	Poster
Co-Presenters Joshua Sagisi Emanuel Williams Jan-Andro Acob				
Title: Testing For Coliforms In Drinking Water				
Just how pure is the tap water from your home? How about that bottled water you have there? Well, we are here to present to you the results we have obtained from our research on testing for coliforms in our every day drinking water.				
Perez Ph.D.	Rosa A.	SC 214	10:45-11:15	Concurrent
Co-Presenters				
Title: Récits de Juifs algériens en Métropole: Parcours Personnel, Histoire Commune				
Many French Jewish writers from Algeria belong to a generation affected by the trauma of exile following the Algerian declaration of independence in 1962. In their narratives, memory and identity are central to the literary endeavor.				

Reber	Glen	CN Centrum Arena	10:35-10:50	Performance
Co-Presenters	Trinity Fletcher	Holly Barrick	Shannon Marshall	Kaitlyn Katter
Title: Needles and Ice				
Change can be hard and painful. However, after the change has happened we realize that we are better because of it. This powerful message comes across in the poem that gave life and inspiration to this dance collaboration.				
Redd Ph.D.	J. Ty	ED 204	1:30-2:00	Concurrent
Co-Presenters				
Title: Organic Macrocycles				
For 24 years research at SUU on organic macrocycles has helped demonstrate their excellent host-guest properties. These systems may be exploited to yield valuable insights into molecular recognition, separation science, and biomimetics.				
Reiner Ph.D.	Christian	CC Great Hall	1:30-2:00	Concurrent
Co-Presenters				
Title: The Changing Face of SUU?				
To what degree and in what ways, if any, has SUU changed in its more recent history? This question will be examined in light of trend data, beginning with 2005, on various aspects of SUU.				
Reyes	Maria	55 Entertainment Bureau	2:19	Concurrent
Co-Presenters				
Title: Corn				
A lot of items being consumed contain corn, and most people may not be aware of this. Corn is not only being used as fillers, but also being fed to the cattle which, in turn, humans consume.				
Reynolds Ed.D.	Bart	CC Vermillion Cliffs	1:50-2:10	Concurrent
Co-Presenters				
Title: 6 Practices of Exemplary Leadership				
Accomplishing great things in organizations is hard work. To keep hope alive, leaders recognize the contributions that individuals make. In every winning team, the members need to share in the rewards of their efforts.				
Rhodes	Jordan	ED 202	11:45-12:00	Concurrent
Co-Presenters				
Title: My Heritage				
I will be doing a short presentation about a recipe that has been handed down my family line for generations. This presentation will illustrate how this recipe came about, as well as the important role that it played in my family's history.				
Robbins	Justin	SS Starlight	2:45-3:15	Poster
Co-Presenters Ben Pixton				
Title: Habitat For Humanity Alternative Spring Break				
Want to find a fun way to spend your spring break while helping others? Working with Habitat for Humanity and by doing an Alternative Spring Break is the perfect way to accomplish this!				
Rosewood	Danyel	CN Centrum Arena	3:00-3:15	Performance
Co-Presenters	Danikka Lashaya	Jessica Romney	Kourtney Nelson	Shannon Marshall
Title: Vexation				
Vexation is a piece based on a moment in life where your innocence of trust is broken and you realized life is not perfect and that makes you feel irritated not only with the situation you're in, but with yourself for being fooled in the first place.				
Roundy	Brenda	ED 202	3:00-3:15	Concurrent
Co-Presenters				
Title: Heritage Fair				
This presentation will explain the importance of the art of crochet and how it has been taught through out the generations of our family.				

Sherratt	Michael	PE 121	10:15-10:35	Concurrent
Co-Presenters				
Title: Psychological Well-Being & Distress in Marriage: A Support Group for Spouses of Adult Survivors of Abuse				
This study evaluates the effects of a support group that is focused on developing meaning and problem-focused coping for spouses who are married to an adult survivor of abuse. Psychological well-being and distress in marriage will be measured.				
Show	Victoria	SS Starlight	12:00-12:30	Poster
Co-Presenters				
Title: Enhancing E-Business Marketing Strategies				
Part of the E-Business upper division class which includes three group projects conducted in the class for the Spring 2014 semester. Each project involves a team working with local businesses to develop and/or enhance their websites.				
Simmons	Chad	CC Yankee Meadow	2:45-3:05	Concurrent
Co-Presenters Julio Mendez Lynelle Dennis Adam Ouncun				
Title: Minerals of Coal Creek				
Evaluate the mineral content of Coal Creek Canyon from the recent canyon landslide to Bicentennial Park. We will compare these results with years past, which there is no input into the waterway and the mineral content has raised.				
Simon Ph.O.	Julie	PE 12D	1:30-2:30	Concurrent
Co-Presenters Bryce Christensen Ph.D. Danielle Oubrasky Ph.D. Jennifer Sorensen MA Patricia Eagan MFA				
Title: Works in Progress				
What are you working on? Writers ask each other, knowing works in progress always hum in the background of their busy days. SUU Professors review current projects and discuss creative work done.				
Smith	Tagert	SS Starlight	2:45-3:15	Poster
Co-Presenters John Taylor Ph.O.				
Title: A Case for Eumops Perotis in Utah				
We propose that Eumops Perotis, bat species, has been documented within Utah and should be added to the list of known bat species found in the state of Utah.				
Smith Ph.O.	Jon	SS Sterling Church	All Day	Performance
Co-Presenters COMM 4760 Television Field Production Class				
Title: Festival of Excellence Video Screenings				
Students in the COMM 4760 Television Field Production class will present their creative work. Students from other departments may also screen projects.				
Snider MFA	Deborah	LIB 002	1:30-2:00	Concurrent
Co-Presenters				
Title: An Unsuspecting Leader				
We will examine attributes of leaders who move and shape our world in visionary and exciting ways.				
Sorensen MA	Jennifer	LIB 002	10:45-11:15	Concurrent
Co-Presenters				
Title: Personal Phatness: Image Manipulation in Social Media				
By choosing what to show and what not to show, as well as the technical ability to doctor images, we shape our life narrative for a "friendly" audience.				
Spruell Ph.O.	Paul	CN 227	11:30-12:00	Concurrent
Co-Presenters				
Title: NSF's iUTAH: A Funding Opportunity for SUU Students and Faculty Working on Water Resources and Sustainability				
In this presentation, I will provide some suggestions for successful applications for iUTAH scholarships and grants, including an example of a recently successful grant.				

Stokes	Alexis	SS Starlight	12:00-12:30	Poster
Co-Presenters Jordan Bentley				
Title: Food Security at Southern Utah University: 2009-2013				
A study was conducted to assess the rate of food insecurity on the Southern Utah University campus. Overall, food insecurity in 2013 was the highest for students since 2009. Faculty and staff's food insecurity decreased over the past year.				
Stone	Erin	SS Starlight	3:15-3:45	Poster
Co-Presenters				
Title: Assessing Perception of Exertion During Exercise				
Are people able to accurately assess and maintain exercise at a given intensity level? The information I learned from engaging in this research is not only beneficial for myself, as a student athlete, but also for anyone who engages in exercise.				
Strosser MA	Charla	CC Yankee Meadow	10:15-10:45	Concurrent
Co-Presenters				
Title: The Censored Cinderella: Incest, Punishment, and Redemption in the Cinderella Tale Types				
This paper explores the lesser known incestuous father Cinderella tales and the differences in how these tales punish the wicked. These tales require that Cinderella forgive, rather than punish, in an ancient display of "blaming the victim."				
Strosser Ph.D.	Garrett	SS Starlight	2:00-2:30	Poster
Co-Presenters Joel Cardenas Ryan Cardenas Alex Vittum-Jones				
Title: (E)valuating a Life Lost to Drug Cartel Violence				
In order to evaluate the low level of concern in the U.S. over Mexican cartel violence, participants assigned dollar amounts to American/Mexican lives and completed political orientation and moral values measures.				
Tadayon Ph.D.	Nasser	CC Yankee Meadow	1:30-2:00	Concurrent
Co-Presenters				
Title: Teams Using Real World Projects in a Software Engineering Course				
This presentation discusses the advantages and disadvantages of using a practical approach with a real world project for a software engineering course in a computer science undergraduate program.				
Taylor	Riley	SS Starlight	1:30-2:00	Poster
Co-Presenters Haley Taylor				
Title: Population Biology and Genetics of Invasive Turtles in the Virgin River Basin				
In Southern Utah we have alien species that are invading our water ways. We are looking at the spiny soft-shell turtle and the red eared slider to learn about them through genetic analysis.				
Thomas Ph.D.	Camille	LIB 002	2:00-2:30	Concurrent
Co-Presenters				
Title: Who Will Win the 2014 World Cup in Brazil?				
This presentation will discuss statistical insights to who may win the World Cup in Brazil. A notational analysis of Division I women's soccer games will be examined. Connections between technical skills and scoring will be highlighted.				
Thurman	Quinn	SS Entertainment Bureau	10:57	Concurrent
Co-Presenters				
Title: Music: Let It Move You				
Learn about the effects of music physiologically on the body and human mind, and why our culture and generation are so moved by it. It's impact seems to be congruent with many cultures and time periods of our history.				
Thurman	Quinn	ED 215	3:25-3:45	Concurrent
Co-Presenters				
Title: To Be Influenced: Shedding Light On a Gray Area				
How often in dating do you know if you are being manipulated? Persuaded? Coerced? Can you tell the difference between these terms? This study focuses on student perception of influential messages as they pertain to dating.				

Vartan D.M.A	Lynn	MU Thorley Hall	1:30-2:15	Performance
Co-Presenters Jeffery Hanson MFA SUU Percussion Ensemble SUU Motion Graphics Stud				
Title: Drums & Animation in Motion				
SUU Percussion Studio & Motion Graphics Dept. have collaborated on Sweet Dreams, Elizabeth Lee & TinPlay. SUU music students will perform the music live in full synchronization with the animation produced by the motion graphics students.				
Vittum-Jones	Alex	SS Starlight	10:15-10:45	Poster
Co-Presenters				
Title: Effects of Social Interaction on Individual Creativity				
This study utilized Guilford's Test of Alternate Uses (i.e., the listing of possible uses for a brick) to examine whether or not social contact made while in a group environment affected the creativity of an individual after the group had disbanded.				
Wall	Alexandria	CN Centrum Arena	1:50-2:10	Performance
Co-Presenters				
Title: Satisfied				
Satisfied explores the struggle of making life decisions and recognizing the which is truly desirable in life. So, now I turn to you, "Open your eyes, look within. Are you satisfied with the life you are living?" -Bob Marley				
Wang MFA	Chien-Ying	CN Centrum Arena	10:15-10:35	Performance
Co-Presenters Alexandria Wall Kaitlyn Katter Kathleen Fotheringham Dustin Liechty				
Title: The Tipping Point				
The Tipping Point is a dance performance examining the psychological pattern of human being on the verge of collapsing and final redemption.				
Wangsgard Ed.D.	Nichole	SS Starlight	2:00-2:30	Poster
Co-Presenters Kimberly Mendenhall Ph.D				
Title: Secondary School Teachers Perceptions of Collaborative Teams				
This poster presentation will provide findings from a qualitative study that examined the initial stages of collaborative teams. Findings and how to address challenges will also be discussed.				
Wayne	J.S.	SC 114	1:50-2:10	Concurrent
Co-Presenters				
Title: Sexualization of Violence in Comics				
Using the Harley Quinn submissions call as a framework, J.S. Wayne discusses the value of comic books and what they say about our society.				
Weaver	Jared	CC Vermillion Cliffs	3:25-3:45	Concurrent
Co-Presenters				
Title: Synthesis, Analysis, and Biological Activity of Novel Organoarsenic Products				
Our focus is to make new compounds and test for future anticancer drugs. Organoarsenic compounds are chemicals with arsenic and carbon that, in small amounts have been found to fight cancer.				
Weeda	Tyson	SS Starlight	12:00-12:30	Poster
Co-Presenters				
Title: SUU EET Exercycle				
The Exercycle measures the rider's voltage, amperage, wattage, number of cycles, and RPM. It shows how many watts it takes to power different kinds of bulbs. Finally, people can compete against one another in the competition mode.				
Weeg Ph.D.	Matthew S.	PE 101	3:15-3:45	Concurrent
Co-Presenters				
Title: The Neural Basis of Aggression in Siamese Fighting Fish				
A discussion of ongoing research into the neural circuitry that mediates aggressive displays in male Siamese fighting fish.				

Williams	Andria	EO 202	12:00-12:15	Concurrent
Co-Presenters				
Title: Heritage Presentation				
Inquiring minds want to know! What made me who I am today? Motivate elementary age students to inquire and investigate their heritage and to display their findings by creating a heritage board.				
Wilson	Stephen	CC Shooting Star	2:10-2:30	Concurrent
Co-Presenters				
Title: Digital Preview of a Modern Sports Complex				
Design for a new indoor facility, housing an indoor track, basketball court, classrooms, and office space. Located on the former baseball field, this building would provide space for SUU athletes to practice and give students another weight room.				
Winegar	Conner	SS Starlight	2:00-2:30	Poster
Co-Presenters				
Title: Does Phosphatidylserine-Cu 2+ Binding Cause Flipping?				
This project is helpful to explain some of the symptoms of Copper poisoning due to an indicator lipid in cells flipping to the outside.				
Winn	Maci	SS Starlight	1:30-2:00	Poster
Co-Presenters	Rulon J. Corry	Bruce Smalley	Cody Hilton	
Title: Migration of Lipids in a Supported Lipid Bilayer				
Membranes and membrane proteins are crucial to life and important in biology and medicine. We are simulating the motion of membrane components during a newly-developed focusing technique (EEF) in an attempt to improve the technique.				
Wood	Jessica	EO 206	2:00-2:15	Concurrent
Co-Presenters				
Title: Heritage Presentation				
A presentation of the heritage of my family.				
Wright	Shaun	SS Starlight	2:00-2:30	Poster
Co-Presenters				
Title: Service Learning in Nepal				
Join Shaun as he shares his service learning capstone based on the SUU study abroad this past year to Nepal. Hear some experiences and learn about the people he met and some comparisons to the United States experiences.				
Wu Ph.D.	Qezhi	SS Starlight	2:00-2:30	Poster
Co-Presenters				
Title: The Role of Content and Interface Design in Mobile Tablet Training				
This research explores the potential affordances of using mobile tablets in training. Using field experiments with real users, the study results highlight the importance of content relevance and interface aesthetics in mobile tablet training.				
Wyatt	President Scott	CC Great Hall	10:15-10:45	Concurrent
Co-Presenters				
Title: 100-day Listen Tour				
President Wyatt is going to share what it is like trying to get to know an entire campus and community in 100 days. He will also share how this listening tour will influence his term as president at SUU.				
Youart	Alissa	SS Starlight	2:00-2:30	Poster
Co-Presenters				
Title: American Food Culture: Food Service				
Interested in the food service industry? This project explores the different dimensions of food service such as: production, distribution, and consumption. Learn about America's favorite restaurants.
