<input type="checkbox"/>	Please decrease my Unsubsidized Stafford by: \$_____
<input type="checkbox"/>	OTHER (Explain in the space below):

I understand that additional loan amounts may be awarded based on an estimated enrollment status of full-time for the academic year. My award will be subject to change for less than full-time enrollment.

I understand that if my loan has already disbursed and I am requesting the disbursement be canceled, I may owe money back to the University.

I understand that the interest on an Unsubsidized Loan will begin to accrue immediately upon its disbursement. (It is recommended that students make arrangements to pay interest monthly to avoid capitalization of accrued interest.)

I understand that if I am receiving VA benefits or Voc Rehab, it could affect my eligibility for federal student aid.

I understand that I must stay within a cost of attendance budget. If award amounts put me over my available budget, I will be "over awarded" in federal and state aid possibly leading to a return of funds.
