## Personal Information:

### *Tell Us About Yourself Sample:*

*All my life I have tried to be the best I can be. I have always been interested in the arts and constantly work towards being an excellent artist. I have learned that it takes practice and patience to be a great artist. I enjoy the challenge of projecting images from my mind to paper, canvas, sculpture or other media.*

*While I do my best to improve, helping others is also very important to me. I have been involved in many service projects in the community, including being a big sister in the Big Brothers/Big Sisters Program. I enjoy the opportunity this gives me to reach out and impact these children. I love seeing the change my concern for them makes in their lives.*
