Drug and Alcohol Abuse Prevention Program (DAAPP) Disclosure
June 3, 2019

Dear Members of Southern Utah University:

Southern Utah University is dedicated to providing a safe and healthy environment for its students, faculty, and staff. SUU recognizes that our community often needs education and assistance because a person significant to them is afflicted with chemical dependency, or because they require support in their own decisions not to use or abuse alcohol and other drugs.

On an annual basis, the federal Drug-Free Schools and Campuses Act (DFSCA) requires institutions of higher education to disseminate information related to their Drug and Alcohol Abuse Prevention Program (DAAPP). The DAAPP will provide the following information:

1. A written statement about its standards of conduct that prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees;
2. A written description of legal sanctions imposed under Federal, state, and local laws and ordinances for unlawful possession or distribution of illicit drugs and alcohol;
3. A description of the health risks associated with the use of illicit drugs and alcohol abuse;
4. A description of any drug or alcohol counseling, treatment and rehabilitation/reentry programs that are available to students and employees; and
5. SUU’s statement on disciplinary sanctions that may be imposed on students and employees for violations of the University’s policies on Alcohol and Other Drug Abuse.

In addition to this information, SUU will conduct and publish a biennial review of our DAAPP to ensure the growth of our program and its effectiveness.

We encourage you to review the on-line information, and to consult it as a valuable resource throughout the year. You may find more information by visiting the Health and Wellness Center, located in the Sharwan Student Smith Center, suite 175 or by calling 435-865-8435.

Sincerely,

Scott L Wyatt
President of Southern Utah University
**Drug, Tobacco, and Alcohol – University Policy**

University policy prohibits possession, consumption or distribution of hallucinatory narcotic or other illegal drugs & possession, consumption or distribution of alcoholic beverages on campus, including athletic events. Off-campus University functions are subject to state and local laws, and any student convicted of a crime committed on or off campus is in violation and may be subject to campus discipline. It is the duty of staff and students to report violations of campus regulations. Violations of the alcohol, tobacco & other drug policy will be coordinated through the Office of Vice President of Student Affairs. The sanctions taken may include but are not limited to: Referral for assessment to the Substance Abuse Program Administrator, appearance before a University Student Conduct Office, probation, suspension, or expulsion. The purposes for disciplinary action are to maintain the University’s integrity, protect the rights of individuals and help people solve their problems.

**Legal Sanctions**

Federal, State, Local Law Federal and Utah State laws prohibit the use of illicit drugs and actions related to the abuse of alcohol. Summarized below are the general federal and state laws relating to drugs and alcohol.

### State of Utah Drug and Alcohol Laws and Penalties

<thead>
<tr>
<th>Laws</th>
<th>Penalties</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>DUI</strong> – It is illegal to drive or be in physical control of a vehicle while under the influence of alcohol or other drugs. Utah’s Implied Consent law requires submission to blood alcohol content (BAC) test. Refusal will result in revocation of license for one year. You are in violation if your BAC is .05 or greater or the officer judges you to be impaired.</td>
<td><strong>Penalty:</strong> Up to 6 months imprisonment and/or $1,000 fine, rehabilitation assessment and education class, suspension of license for 90 days, or $100 to victim restitution fund. Accident, injury or death will increase penalties. Class B misdemeanor.</td>
</tr>
<tr>
<td><strong>MIP</strong> – It is illegal for minors (under 21) to buy, possess (even hold) or drink alcohol.</td>
<td><strong>Penalty:</strong> Up to 6 months imprisonment and/or $1,000 fine. Class B misdemeanor.</td>
</tr>
<tr>
<td><strong>Not-a-drop</strong> – You are in violation if you are under 21, have consumed any amount of alcohol and are driving.</td>
<td><strong>Penalty:</strong> Lose license for 90 days, required substance abuse assessment, and may still face DUI and MIP laws.</td>
</tr>
</tbody>
</table>
Open Container – It is illegal to drink any alcoholic beverage while operating, or as a passenger in a vehicle (parked or moving), or have an open container in vehicle

**Penalty:** Up to 6 months imprisonment and/or $1,000 fine. Class B misdemeanor.

Selling, furnishing or supplying alcohol to a minor – You are in violation if you provide alcohol to a minor.

**Penalty:** Up to 1 year imprisonment and/or up to $2,500 fine. Class A misdemeanor.

Intoxication – A person is in violation if he is under the influence of intoxicating liquor or other substances to the degree that the person may endanger himself or others in a public or private place and unreasonably disturbs others.

**Penalty:** Imprisonment in jail or detoxification center if necessary for protection of self or others. Class C misdemeanor.

Tobacco use or possession – It is unlawful for any person under the age of 19 to purchase or possess tobacco in any form.

**Penalty:** Maximum $500 fine. Class C misdemeanor.

Clean Air Act – Prohibits smoking in a public place, public meeting or any government building. (All buildings on SUU campus)

**Penalty:** Maximum $500 fine. Class C misdemeanor.

**Alcohol Health Risks**

**Possible effects**
Psychologically and physically addictive, respiratory depression, depression of the immune system, increased risk of accidents injury due to violence, heart disease, cancer, hypertension, brain damage, impotence at high dosage levels, drunk driving crashes. In addition, alcohol use increases the risk of unwanted sex, unwanted pregnancy, sexually transmitted diseases and acquaintance/date rape. Mothers who drink during pregnancy may give birth to infants with Fetal Alcohol Syndrome. These infants have irreversible physical abnormalities and mental retardation. Research indicates that children of alcoholic parents are at greater risk of becoming alcoholics.

**Withdrawal Symptoms** – Repeated alcohol use can lead to dependence. Sudden cessation is likely to produce withdrawal symptoms including: severe anxiety, tremors, hallucinations and
convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, combined with poor nutrition, can also lead to permanent vital organ damage.

**Effects of Overdose** – Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

University Policy #11.2 is the Student Code of Conduct. Section V.B.10 of the Student Code governs student behavior on campus. The Student Code specifically prohibits, “the possession, manufacture, sale, use, consumption, or delivery of alcoholic beverages or controlled substances, or paraphernalia associated with the use of alcohol or other controlled substances.” (Policy #11.2, section V.B.10.a)

The Student Code states that “Use or possession of alcoholic beverages or controlled substances by students off campus is governed and controlled by the laws of the state and/or local law enforcement agencies.” The code also states that “SUU will cooperate with state and/or local law enforcement agencies...to counteract known violations of University policy and state and local laws by students or groups associated with the University.” (Policy #11.2, section V.B.10.b)

Violation of the Student Code may result in one or more of the following sanctions:

Warning, Educational Experiences, Monetary Fine, Community Service, Restitution, Formal and/or Public Apology, Parental Notification, Disciplinary Probation, Social Suspension, Disciplinary Suspension, Disciplinary Dismissal, Removal from Housing, Loss of Privilege to Represent the University.

The Student Conduct Administrator, Student Conduct Officer, and the University Appeals Board (UAB) may impose any one, or a combination of, the following sanctions commensurate with the gravity of the Non-Academic Misconduct and the conduct history of the accused student or organization. (Policy #11.2, section VII.B.2.H). The matrix below represents examples of actions that could be or are typically taken with students who violate the Student Code regarding alcohol and drug use on campus. Local, state, and federal laws may also apply to alcohol and drug violations.

Faculty and Staff Policy and Discipline

University Policy #5.9 is the University’s Drug Free Workplace policy. This policy’s purpose is:

A. To provide a policy for the maintenance of Southern Utah University’s commitment to a drug and alcohol free workplace that is in compliance with appropriate state and federal statutes. (Policy #5.9, section I)

B. This policy applies to all employees of Southern Utah University including faculty, officers of administration, staff, full-time, part-time, temporary, and student employees.

All present and/or future employees covered under this policy agree to perform under the terms and conditions of this policy, as a condition of employment with the University.

A copy of this policy will be distributed to current employees at the time of initial approval and to all newly hired employees thereafter. (Policy #5.9, section III)

University Policy #5.9, section VI.F outlines the sanctions and procedures for imposing discipline for violations of the University’s Drug Free Workplace policy. Progressive sanctions will be imposed under the discipline policies of the University found in the Faculty Policies (#6.1 Faculty Evaluation, Promotion, and Tenure, #6.6 Academic Freedom, #6.28 Faculty Professional Responsibility) or the Personnel Policies and Procedures for Non-academic staff (#8.3.5 Termination of non-academic staff employees and disciplinary sanctions).

Any employee of the University who violates the Drug Free Workplace policy may be required to participate in a drug or alcohol abuse assistance or rehabilitation program approved by the Director of Human Resources in accordance with Federal Law.

Section F policy 5.9 states:
The University may impose disciplinary sanctions upon any employee who is determined to have violated this policy. Progressive sanctions will be imposed under the discipline policies of the University found in the Faculty Policies or the Personnel Policies and Procedures for Non-academic staff, as applicable. Depending on the frequency and seriousness of the offense, additional sanctions may be imposed as follows:

1. Satisfactory participation in an alcohol, drug, or substance abuse assistance or rehabilitation program. This step will be mandatory for second-time offenders of any violation of this policy or any first-time offender who is convicted in a court of law of a workplace offense, unless the offense is deemed serious enough to result in termination.
2. A mandatory requirement that an employee who is convicted in a court of law for a workplace violation of this policy provides notification of the conviction to the University Human Resources Office within five (5) days of the conviction. Failure to do so could result in immediate termination.

3. The University must impose sanctions on an employee convicted of a workplace violation within 30 days of the conviction. The minimum sanctions that will be imposed upon an employee convicted of a violation include participation in an education/rehabilitation program as outlined in above and mandatory probation for at least 90 days with weekly supervisory reviews. The University reserves the right to terminate any employee convicted of a workplace offense if it is deemed to be in the best interest of the University to do so and is consistent with the Institution's policies referenced in Section IV. All convictions resulting from buying, selling, transferring or trafficking controlled substances in the workplace will be cause for mandatory termination.
