In addition to these requirements, the prospectus must be submitted during the session just prior to the session in which students plan to take the 3 required hours of capstone (either COMM 6900 for thesis or COMM 6910 for projects). Any student failing to meet that deadline will need to take a capstone "continuance" credit in the following session. Please visit the MAPC capstone page to see the specific deadline dates for prospectus documents: https://www.suu.edu/hs/comm/masters/capstone/capstone-submission-checklist.html

Each student is required to have a committee chair that will direct the capstone to completion. All chairs must be in place the semester before completing the prospectus. Members of the Department Graduate Council will read the prospectus and provide input to solidify the core idea and help shape and approve the prospectus. The approval process will occur within 2 weeks of submission. Once the prospectus is approved, the student will work directly with his/her chair and work to complete the project before the end of the capstone session.
