Early College Program

## A Fast Track Degree Program

SUU's Early College Program provides you with the opportunity to earn your associate's degree and high school diploma in two years. This special program allows you to enroll full time in university coursework while fulfilling the high school graduation requirements simultaneously.

## Your Home Away from Home

Our HomeStay Housing Program is designed specially for those in our Early College Program. Here you may live with a local American family who share their culture in a place that feels like home. You will be surrounded with caring people who are concerned about your academic success.

## English Requirements
