For those seeking to serve their communities at home and in the world, a Nursing degree can be the door to a rewarding career in healthcare. SUU’s nursing program offers a personal education and unmatched success rate that gives graduates the skills they need to be successful professional nurses. As a student in the Department of Nursing you will be immersed in a comprehensive program of classroom and experiential learning that emphasizes caring, critical thinking, problem solving, ethical decision making and communication.

**Points of Distinction:**
- Accredited by the Commission on Collegiate Nursing Education.
- Successful graduates practicing in local, regional and national facilities.
- Excellent classroom and clinical learning opportunities.
- Faculty who are both nursing teachers and practitioners, remaining current in profession advances and trends.
- Current NCLEX-RN first time pass rate of 100%!
- Concurrent enrollment in the Betty McDonald Pre-Med Institute maximizes the international student’s chance of success!

**Possible Careers**
- Registered Nurse (RN) in:
  - Hospitals
  - Clinics
  - Home Care
  - Schools
  - Health Departments
  - Businesses
  - And Much More!

**Available Resources**
- Our students learn in two nursing practice labs, two computer labs and excellent clinical sites throughout southern Utah, including: hospitals, clinics/doctor’s offices, home care, schools, health departments, etc.

**Student Involvement:**
- All students, as a part of their education, join a professional nursing organization.
- SUU Student Nurse Association (SUUSNA)
- Utah Student Nurse Association (USNA)
- National Student Nurse Association (NSNA)
