CCAMPIS scholarship awards provide financial assistance for childcare costs. Awards are made using a sliding scale that incorporates information about a student's financial resources and academic course load. Awards are determined by the sources available in the grant combined with financial need. The total number of hours that may be subsidized ranges from 20-30 hours weekly per child.

Participation Requirements:

- Spend four hours per month volunteering at your child's childcare facility. Volunteer work may also be completed in other settings that support families and children. Volunteer hours may also be spent volunteering with your child(ren) in any setting.
- Remain in good financial standing with your child's childcare facility.
- Participate in monthly educational parent event or a family involvement outing/event.

I certify that the information provided on this application is true and complete.
