

**SOUTHERN UTAH UNIVERSITY Department of Nursing  
Online Master of Science in Nursing Leadership and Administration  
Student Handbook for Nursing Majors**

**SUBJECT: Vision, Mission, Goals and Program Outcomes of SUU Department of Nursing**

**☐ Vision**

The Southern Utah University Department of Nursing is a *nationally recognized* Baccalaureate Nursing Program, providing quality innovative nursing education that efficiently and effectively meets the needs of students and the regional community.

**☐☐ Mission**

We offer a learning-centered education that meets the requirements for baccalaureate and graduate degrees at SUU and ensures that graduates have the abilities to be successful, excellent, professional nurses. The purpose of the Department of Nursing is to provide learning opportunities that engage students in a comprehensive program of classroom and experiential learning that emphasizes caring, critical thinking, patient safety, ethical decision making, and communication, civic responsibility and professional excellence.

**. Goals**

The SUU DoN program goals are clearly differentiated by level, baccalaureate and master's degree.

**MSN in Leadership and Administration Program Goals**

1. To prepare graduates to become successful in critical thinking, interpersonal skills, and decision-making abilities of a nurse leader with an advanced degree.
2. To prepare graduates for advanced nursing roles in leadership and healthcare.
3. To develop proficient nurse leaders with an academic foundation necessary to pursue doctoral education.

**Student Learning Outcomes**

Upon completion of the Southern Utah University Master of Science in Nursing Leadership and Administration Program, graduates will be able to do the following:

1. Synthesize knowledge from nursing and other health-related sciences as the foundation for nursing leadership.
2. Lead change through interprofessional care teams to improve quality outcomes.
3. Demonstrate leadership to advance a culture of excellence through lifelong learning.
4. Navigate and integrate care services across the healthcare system.
5. Design innovative nursing practices and translate evidence into practice.
6. Demonstrate ethical and culturally responsive leadership.

**SUBJECT: MSN in Leadership and Administration Curriculum Pattern**

The MSN in Leadership program is 100% online. An affordable program that is delivered in an online format and designed for working students. Begin when you are ready and complete your Master of Science in Nursing in as few as ten-months by taking advantage of six starts a year and accelerated eight-week courses.

**TO GRADUATE WITH A MASTERS DEGREE IN THE STATE OF UTAH, the Master of Science in Nursing Leadership and Administration student** needs a minimum of 30 credits.

**Minimum requirements to apply for admission include the following:**

- Bachelor's degree in nursing from an accredited institution
- Minimum 2.5 overall undergraduate GPA
- Official transcripts from the accredited college/university that granted the nursing degree
- Valid RN license\*
- Background Check\*
- Drug Screen\*

\*Need to provide valid RN license, background check and drug screen in the first course—NOT required for admission.

**DEGREE REQUIREMENTS:**

<u><b>Example Pattern – (Full-Time)</b></u>			
<u><b>Semester 1 – Term A</b></u>		<u><b>Semester 1 – Term B</b></u>	
<b>Course</b>	<b>Credits</b>	<b>Course</b>	<b>Credits</b>
NURS 6110 Nursing Leadership Theory	3	NURS 6320 Evidence-Base Practice in Nursing Leadership	3
BA 6000 Business Foundations	3	MGMT 6100 Managing People and Organizations	3
<u><b>Semester 2 – Term A</b></u>		<u><b>Semester 2 – Term B</b></u>	
<b>Course</b>	<b>Credits</b>	<b>Course</b>	<b>Credits</b>
NURS 6310 Health Policy for Nurse Leaders	3	NURS 6410 Ethics in Nursing Leadership	3
NURS 6210 Integrated Pharm, Patho & Assessment	3	HCA 6100 Introduction to Healthcare Administration	3
<u><b>Semester 3 – Term A</b></u>			
<b>Course</b>	<b>Credits</b>		
NURS 6510 Innovation & Information in Nursing Leadership	3		
NURS 6520 Leadership Capstone*	3		
<b>Total Major Hours:</b>	<b>30</b>		

\* The courses with a clinical component (CC) require face-to-face interactions with live patients, groups, or communities. The details of the clinical activities are developed by the student with direction from the faculty member. Accreditation requires every MSN program to have some face-to-face clinical experiences. **Clinical Schedules are worked out individually with the Clinical Instructor.**

**SUBJECT: RN to MSN in Leadership and Administration Curriculum Pattern**

The **RN to MSN in Leadership program** is 100% online. An affordable program that is delivered in an online format and designed for working students. Students entering the RN to BSN program can complete their BSN degree and transition into the Master of Science in Nursing in Leadership and Administration program without applying for admission to the SUU Graduate Studies Program. Students can complete their BSN and MSN in as few as five semesters by taking advantage of six starts a year and accelerated eight-week courses.

**Students need to complete all requirements for their Bachelor of Science in Nursing before they are eligible to begin Master of Science in Nursing Leadership and Administration courses.**

**DEGREE REQUIREMENTS:**

**Minimum requirements to apply for admission include the following:**

- Undergraduate cumulative GPA of at least 2.5 on a 4.0 scale (or 2.5 in the last 60 hours)
- Submit all official transcripts to SUU
- A valid, unencumbered RN license

Applicants will be required to do a drug-screen and background check through PreCheck and submit their current unencumbered RN license no later than the conclusion of the first course - NURS 3141. These can be completed immediately following admission or during NURS 3141. Students cannot progress any further until these have been completed.

**RN to MSN Example Pattern – (Full-Time)**

<u>Semester 1 – Term A (RN-BSN)</u>		<u>Semester 1 – Term B (RN-BSN)</u>	
Course	Credits	Course	Credits
NURS 3141 Foundations of Prof. Nursing, RN to BSN	3	NURS 4361 Nursing Theory & Research RN to BSN	3
NURS 3261 Health Promotion for RN to BSN	3	NURS 4341 Nursing for Wellness in Older Adults	
<u>Semester 2 – Term A (RN-BSN)</u>		<u>Semester 2 – Term B (RN-BSN)</u>	
Course	Credits	Course	Credits

<b>Total Credit Hours</b>	<b>60</b>		

\* The courses with a clinical component (CC) require face-to-face interactions with live patients, groups, or communities. The details of the clinical activities are developed by the student with direction from the faculty member. Accreditation requires every MSN program to have some face-to-face clinical experiences. **Clinical Schedules are worked out individually with the Clinical Instructor.**

**SUBJECT: MSN in Leadership and Administration & Master of Business Administration Curriculum Pattern**

**The MSN in Leadership and Administration and Master of Business Administration (MSN/MBA) program** is 100% online. An affordable program that is delivered in an online format and designed for working students. Students entering the MSN/MBA program can complete their MSN degree and transition into the Master of Business Administration program without applying for admission to the MBA program. Students can complete their MSN in as few as three semesters and their MSN/MBA five semester in by taking advantage of six starts a year and accelerated eight-week courses.

**Students are encouraged to complete all of the MSN in Leadership courses before they begin Master of Business Administration courses. This will ensure students are eligible to receive their MSN in Leadership before moving on to the MBA courses.**

**DEGREE REQUIREMENTS:**

- Bachelor's degree in nursing from an accredited institution
- Minimum 2.5 overall undergraduate GPA
- Official transcripts from the accredited college/university that granted the nursing degree
- Valid RN license\*
- Background Check\*
- Drug Screen\*

\*Need to provide valid RN license, background check and drug screen in the first course.

**MSN/MBA Example Pattern – (Full-Time)**

	<b>TOTAL</b>	<b>51</b>			
	Nursing Credits	21			
	MBA Credits	30			

\* The courses with a clinical component (CC) require face-to-face interactions with live patients, groups, or communities. The details of the clinical activities are developed by the student with direction from the faculty member. Accreditation requires every MSN program to have some face-to-face clinical experiences. **Clinical Schedules are worked out individually with the Clinical Instructor**

## **SUBJECT: Technology Requirements**

Southern Utah University and the SUU DON recommend that students have the following (minimum) technology competencies. The University publishes yearly Student Computer Hardware Recommendations.

All students must have access to a computer, and be proficient in word processing, e-mail, file transfer and literary searches. Registration is done by computer. All of the nursing courses in the MSN in Leadership program track are online except for NURS 6520 Leadership Capstone and program communications are ALL sent via the SUU e-mail server. Specifically, the student must be able to:

1. Access course and program material through CANVAS, selected publishers sites, and other online materials and sites as noted in each faculty members syllabi.
2. Use email and post assignments to course discussion forums and Dropbox.
3. Complete, send, and receive assignments to faculty or other students using email and attachments/files.
4. Read/print email and attachments/files from students, staff, and faculty.
5. Use the SUU Gerald R. Sherratt Library online services for research and completion of course assignments.
6. Create and upload PowerPoint presentations.
7. Use appropriate software for the course/School (standard Microsoft products include MS Word, MS Excel, MS PowerPoint).
8. Submit word documents in the following file formats ONLY: .doc .docx .pdf
9. Use an appropriate anti-virus application to ensure the files transmitted and received are virus-free
10. Navigate and evaluate websites.

Purchase of broadband internet connection and home computer is required. A working computer microphone and camera is required and other technology as required by individual faculty per course syllabi

The SUU IT Help Center is your point of contact for all technology issues. The SUU Help Center provides technical support to SUU students, faculty, and staff on a variety of university technology services.

SUU Help Center

Answering your SUU technology questions.

**SUBJECT: Misc. Policies and Procedures**

---

**FINANCIAL ASSISTANCE**

Southern Utah University's Nursing Program offers several opportunities for scholarships. The Nursing Administrative Assistant can guide students through the process. General scholarship information at SUU is available on the internet. (<http://www.suu.edu/ss/financial/scholarships.html>) Financial Aid at SUU offers several types of financial assistance to students. (<http://www.suu.edu/ss/financial/>). The SUU/SNA officers can provide you with information about scholarships through the student nurses association.

---

**LATE ASSIGNMENTS**

Papers/assignments are due at the time designated by faculty. If you know you will miss a class in advance of the due date submit materials early or ask a colleague to submit on the due date. With unforeseen circumstances, you may not be able to submit an assignment on the designated due date. It is your responsibility to notify the instructor and negotiate a reasonable alternate due date. *Faculty members retain the option of not accepting late papers/assignments and may deduct points for late work. Individual faculty members maintain final determination in situations related to late work.*

---

**ADA STATEMENT**

Students with medical, psychological, learning or other disabilities desiring academic adjustments, accommodations or auxiliary aids will need to contact the Southern Utah University Coordinator of Services for Students with Disabilities (SSD), in Room 206 of the Sharwan Smith Center or phone (435) 865-8235. SSD determines eligibility for and authorizes the provision of services.

The Department of Nursing strictly follows SUU Policy 11.9, Accommodations for Students with Disabilities (<https://www.suu.edu/studentaffairs/ada.html>).

---

**Photographs, Audio Recordings, and Written Material in Online Classrooms and Clinical Agencies**

Release forms (see Appendix) must be signed prior to taking photographs, using any form of technology (camera, video, digital images, cell-phone cameras, etc.) of faculty, students, staff, clinical personnel, or clients. Audio and/or video recordings require signed release forms prior to such recordings being made. Students or faculty must not copy any documents from clinical agencies. Student work may not be copied or publicly displayed without written permission by the student. Patient information must not be obtained/stored using any technology.

---

**Safety in the Clinical Environment**

If applicable, you will be advised about specific safety measures for clinical experiences. You are then responsible to apply the guidelines for safety when completing clinical requirements. It is your responsibility to reach out to the assigned course faculty if you have any questions or concerns regarding safety in the clinical environment.

**SUBJECT: Misc. Policies and Procedures**

**Liability Insurance**

---

Liability insurance is provided by SUU only for students officially enrolled in courses. Students are not allowed to function as a student nurse in any clinical setting if not officially enrolled in the nursing course. Students should never present themselves as a student nurse without the knowledge of a faculty member.

---

**General Statement of Risks**

---

You are expected to manage your own transportation and assume your own risks when traveling to and from clinical experiences and when performing duties for class and clinical experiences. There are inherent risks involved in travel and in clinical experiences. The most obvious risks are accidents, contracting infections or other communicable diseases or workplace violence. Please take precautions to avoid risks and provide for your safety.

**SUBJECT: Academic Integrity/Due Process**

The SUU Department of Nursing holds their students to the highest of standards and take very seriously items of Academic Integrity, Conduct, Misconduct, and the rules of Due Process.

---

**Academic Integrity**

---

The Department of Nursing will follow the policies of the Division of Student Affairs on Academic Honesty (<https://www.suu.edu/studentaffairs/academichonesty.html>) and the SUU Academic Integrity Policy, Policy # 6.33 (<https://help.suu.edu/uploads/attachments/PP633Academic.pdf>).

Syllabi will also include faculty policies on Academic Integrity.

---

**Student Conduct**

---

Professional behavior is an expectation not just as a student at SUU but also as a member of the nursing community. This puts an added responsibility on you to be familiar with the ethical and legal requirements and responsibilities addressed by SUU and by the nursing profession. The following links will provide you with the information you need to function ethically and legally in your role.

SUU General Catalog, [www.suu.edu/academics/catalog](http://www.suu.edu/academics/catalog); SUU Student Handbook, <https://help.suu.edu/handbook/>, which is a publication of student government; NSNA code [www.nsna.org](http://www.nsna.org); ANA code [www.nursingworld.org](http://www.nursingworld.org); Utah Nurse Practice Act [www.dopl.utah.gov](http://www.dopl.utah.gov) ).

---

**Student Misconduct**

---

Student misconduct can result in suspension or dismissal from the SUU Nursing program. Suspensions will be based on unsafe and/or unprofessional conduct. In addition to the observation of misconduct relative to the University Student Code, students in the Department of Nursing must act in a safe and professional manner. Unsafe or unprofessional behavior may be grounds for immediate suspension or dismissal from the nursing class or clinical, regardless of previous academic or clinical performance as described in the department General Professional Behaviors and Clinical Professional Behaviors.

---

**Due Process**

---

Due process is a system of rules and guidelines designed to achieve fair and reasonable resolution to a dispute. Southern Utah University has developed procedures that apply to all disputes involving or regarding students. Problem resolution precedes due process. It is always preferable to resolve differences through informal means when possible before resorting to due process procedures. Informal resolution means going directly to the person with whom you have a conflict to work things out between the parties involved. The next phase of informal resolution will involve the immediate supervisor (department chair) to assist in resolution by functioning as an intermediary. If the problem cannot be resolved through these informal means, the concern is elevated to a formal complaint as the student submits a written explanation of the complaint to the department chair. Refer to the university due process policy for specific steps (SUU Policies and Procedures 6.22)

**SUBJECT: Student Progression in MSN in Leadership and Administration Program (Grades)**

1. **PURPOSE:** The purpose of this policy is to provide guidelines for successful progression of students through the
2. **POLICY:** Successful progression in the program requires a consistent demonstration of ability to master professional leadership skills, apply these skills in practice, and to adhere to professional nursing ethics and values.
  1. The faculty members believe students' mastery of the major concepts, frameworks, processes, and thinking abilities identified in the curriculum will demonstrate that students are prepared to practice as a **masters advanced-level nurse**.
  2. A variety of assessment and validation methods will help students, the faculty, and outside mentors determine their consistency in meeting the ability based outcomes of the program.

**DEFINITIONS:**

3. **Assessment** is defined as a measurement of student activity that provides information for analyzing and evaluating student's progress towards meeting course and program outcomes.
  - a. Analysis of information is completed by faculty members, students, peers, and at times, an external evaluator.
  - b. After analysis, plans are made for improvement in subsequent assessments.
4. **Validation** is defined as a student activity that judges the competency of the student to meet the standards and criteria for course and program outcomes.
  - a. Validation judgments will be made by faculty members and professional staff.
  - b. Some validation activities will require self and peer judgments.
5. **Grades:** Grades for all courses are determined in accordance with the policy of the Department of Nursing. Final percentages of validation activities may be calculated and converted into whole numbers using the rounding rule of rounding up for 0.5 or more and rounding down for less than 0.5. Grades will be determined using the following grading scale:  
94-100% = A (4.0); 90-93% = A- (3.7); 87-89% = B+ (3.3); 84 -86% = B (3.0);  
80-83% = B- (2.7); 77-79% = C+ (2.3); 74 -76% = C (2.0) < 74% = Fail

**SUBJECT: Student Progression in MSN in Leadership and Administration Program (Grades)**

**PROGRESSION GUIDELINES:**

To progress in the program, students must maintain a term grade point average of B- (GPA 2.70 on a 4.0 scale) and no failing courses. Students are strongly encouraged to take a minimum of one course per calendar year in order to stay active in the system. Students who elect not to take at least one course per calendar year are jeopardizing the program requirement to finish within the five-year deadline from program admission to degree completion.

- a. **If a student does not engage in a course by the time specified by the SUU Registrar's Office:** The SUU Registrar's Office will contact the student regarding continued enrollment in the course.
- b. **If a student does not achieve a semester GPA of B- (2.70) or if a student fails a nursing class (at the discretion of the level team), and it is the first occurrence, the student will fail and can retake the course.**
  1. Students may repeat a nursing course only once.
  2. Costs incurred by fulfilling the requirements are the responsibility of the student.
- c. **If a student is unsuccessful in the same or an additional course with the NURS prefix (in the same semester or later semesters) and it is the third occurrence:**
  1. The student will be terminated from the nursing program.
- d. **Withdrawal from nursing classes**
  1. If withdrawal from the nursing program becomes necessary, withdrawal is to be negotiated with the course faculty and student's advisor.
  2. The SUU academic calendar identifies the last day to drop a course.
  3. Withdrawal by a student who is not meeting course outcomes at the time of withdrawal will be interpreted as an unsuccessful course completion and will be handled as such. As per SUU policy number, 6.31.
  4. All prerequisites or co-requisites must be successfully completed prior to progression to any course scheduled in subsequent semesters.
  5. The fixed first course (NURS 6110) must be completed in the student's first term.

**Readmission policy for the MSN in Leadership and Administration program is as follows:**

- a. The MSN in Leadership and Administration program must be completed within five years of official acceptance to the program including withdrawals, breaks, or readmission.
- b. If terminated from the program, students will not be readmitted. If dismissed due to non-compliance of clinical documentation, students will be readmitted when compliance is achieved and outlined requirements are met in full.

**SUBJECT: ACADEMIC ADVISING**

**Purpose**

1. To facilitate student progress in meeting program outcomes and criteria for performance and behavior.
2. To develop retention and remediation plans aimed at reinforcing areas of strength and improving in areas needing development.
3. To provide each student a consistent nursing faculty resource throughout the nursing program.

**Process**

1. Upon admission to the nursing program each student will be assigned a nursing faculty advisor for the duration of the program.
2. Each student will be contacted by their assigned adviser within the first half of each term for a general check-in.
3. Individual advisement, as needed, should be initiated by the student.
4. Students may meet with a faculty adviser to create individual plans that include their adviser, course instructor, plus others as needed. Struggling students will meet on a weekly, monthly or as needed basis with their adviser.
5. Unresolved student concerns will be discussed with the MSN in Leadership and Administration Program Coordinator and/or department chair by the student and/or the faculty advisor.
6. Students, as well as faculty have the option to petition for a change in assignment should the need arise. A formal request should be filed with the MSN in Leadership and Administration Program Coordinator and/or department chair.

**Evidence**

1. Faculty will submit a record of all advisement sessions held throughout the semester.
2. To be given to the Program Manager, to be filed in the student's permanent file.

## **SUBJECT: Required Student Documentation**

Students are expected to complete and submit a clean background check and drug screen during their first term of enrollment in the MSN in Leadership and Administration program with the SUU assigned vendor, PreCheck, Inc. Students who do not submit all required documentation by the end of Week 7 of their first term of enrollment in the MSN in Leadership and Administration program, as instructed in NURS 6110, will not be permitted to continue in the program until they have submitted all required documentation.

### **Nursing License + Photo for Badge**

- Submit to MSN in Leadership and Administration Program Leader [marksiemon@suu.edu](mailto:marksiemon@suu.edu)
- Requirements for badge photo: Head Shot, No Hats.
- Include mailing address when emailing license and photo to MSN in Leadership and Administration Program Leader [marksiemon@suu.edu](mailto:marksiemon@suu.edu)

### **Documentation of Current/Active Licensure**

A student in the MSN in Leadership program must have a current, active, unencumbered, RN license. A student who is scheduled to take the NCLEX-RN may be admitted to the program on a provisional basis, but must provide proof of successful completion by the end of the first term. Students are not permitted to continue in the program after the first term until an active RN license is on file. All students must maintain currency throughout the duration of the program. Students will be required to sign an attestation that they will maintain currency throughout the program. If students do not maintain currency a hold will be placed on their account prohibiting enrollment in further courses; students may re-enroll in the next term if documentation requirements are fulfilled.

### **Documentation of Drug Screen**

To stay in compliance with SUU and clinical agency requirements, students are required to participate in an initial drug screen scheduled through PreCheck during their first term of enrollment and random drug screening as requested thereafter. Failure to complete drug screens when assigned will result in expulsion from the program. All students must maintain a clean drug screen, or be in compliance with restrictions set forth by the DON, throughout the entirety of the program.

### **Documentation of Background Check**

To stay in compliance with SUU and clinical agency requirements, students are required to have approved background checks, completed through Pre-Check, on file in the nursing office. An applicant to the Southern Utah University MSN in Leadership and Administration program must submit to a criminal background check as a condition of the MSN in Leadership and Administration program. The student must initiate the background check process during the first week of their first term of enrollment, following the instructions found in NURS 6110. Upon completion of the student's criminal background check, if any issue is identified the student shall be required to provide a written explanation of the problem, provide information on the steps that they have taken to correct the problem, and explain any requirements for monitoring or ongoing care to address the problem.

The entire background check process, including the DON review of background check results, which may take up to 30 days, must be complete by the end of the student's first term of enrollment. The DON will not be responsible if the background review process is not completed by the end of the student's first term of enrollment if the student failed to initiate the background check request in a timely manner. All students must maintain a clear background check, or be in compliance with restrictions set forth by the DON, throughout the entirety of the program.

### **Maintaining Current Documentation**

All students must ensure that all documentation remains up to date throughout the duration of the MSN in Leadership and Administration program. Changes in license status, address, and contact information must be submitted to the Administrative Assistant in the Department of Nursing at [robertsonv@suu.edu](mailto:robertsonv@suu.edu) as soon as possible.

Students will be required to sign an attestation that they will maintain currency throughout the program. If documentation currency lapses at any point during the MSN in Leadership and Administration program, a hold will be placed on their account at the end of that term prohibiting enrollment in further courses. Students may re-enroll in the next term if documentation requirements are fulfilled.

### **Documentation of Health Insurance Portability and Accountability Act (HIPAA)**

An important part of nursing ethics is maintaining the client's confidentiality. We will help students to meet HIPPA training requirements of the clinical agency. Faculty will not accept written work containing full client name; client problems must not be discussed with family, friends, or others outside of the clinical setting and in the provision of care. Appropriate discussion of client cases and problems may occur in specialized settings as, for example, pre- and post-conferences without disclosing names. If confidentiality is violated, the student violating the confidence will be subject to disciplinary action.

Obligation of the student to maintain confidentiality continues after completion of the program.

---

**SOUTHERN UTAH UNIVERSITY – MSN in Leadership and Administration**  
**STUDENT INSTRUCTIONS**

---

Background checks and drug tests are required to ensure the safety of patients treated by students in the clinical education program. The reports are typically completed within 3-5 business days; however, you must submit your order in sufficient time for the report to be reviewed by the program coordinator or associated clinical site prior to starting the rotation. The background check is conducted by PreCheck, Inc., a firm specializing in the healthcare industry.

---

**Getting Started**

Follow this link to [MyStudentCheck](#)

*If you are unable to access the link, you may type in the web address located at the bottom of this page.*

- Confirm the school name matches: **Southern Utah University – MSN in Leadership and Administration**
  - Select your program from the drop down menu, and then select the required services.
  - Log in with your username and password. If you do not have an existing profile, please create a new account.
  - Enter the required information, provide authorization, and continue to enter payment information.
  - If you need further assistance, please contact PreCheck at [StudentCheck@PreCheck.com](mailto:StudentCheck@PreCheck.com).
  - You will be provided with a receipt and confirmation page when your order is placed.
- 

**DRUG TESTING**

If there is not a collection site instantly available near your location, you will be contacted and a chain of custody form will be mailed to you. Pre-registration does not set an appointment time, we recommend calling your chosen collection site ahead of time to set up an appointment.

**PRICING**

Background Check	<b>\$39.50</b>
Drug Screening	<b>\$49.00</b>

*Applicable state sales tax will be collected based on your residential location.*

---

**FREQUENTLY ASKED QUESTIONS**

- 1. What does PreCheck do with my information?**  
Your information will only be used for the services ordered. Your credit will not be investigated and your name will not be given out to any businesses.
  - 2. I selected the wrong school, program or incorrect information.**  
Please email [StudentCheck@PreCheck.com](mailto:StudentCheck@PreCheck.com) with the details.
  - 3. Do I get a copy of the background report?**  
Yes, go to [www.mystudentcheck.com](http://www.mystudentcheck.com), log in, and select Check Status.
  - 4. How do I obtain a copy of the drug test report?**  
Please email [StudentCheck@PreCheck.com](mailto:StudentCheck@PreCheck.com) to receive a copy of the report.
  - 5. I was denied entry into a program because of information on the report, who can I contact?**  
Call PreCheck's Adverse Action hotline at 800-203-1654.

**SUBJECT: NURSING STUDENT DRUG SCREEN SUBSTANCE RESULT POLICY & CONTRACT**

- I. **PURPOSE:** In response to regulations set by governing bodies, healthcare agencies and nursing education programs share the responsibility to ensure all personnel, including nursing students, do not pose a potential risk to patients. Effective January 1, 2005, all nursing students will be required to document a random drug screen. In response to this mandate and effective immediately, The SUU Department of Nursing will require at least one documented, clean, random drug screen as assigned within the first semester/term of the program. SUU Department of Nursing can also request a random drug screen of students at any time while enrolled in the SUU Nursing Program.
- II. **POLICY:** All SUU Nursing students are required to receive and document a clean drug screen test result. A positive drug screen test result will require documentation of a valid, current prescription. Any psychoactive drugs that appear on said results will also require the signed attestation below.

**SUU Nursing Student Substance Contract**

T#: \_\_\_\_\_ Name: \_\_\_\_\_

Drug Identified in Drug Screen: \_\_\_\_\_

1. I understand that because of the positive drug screen result of a psychoactive drug, it is my responsibility to provide documentation of a valid, current prescription for the drug listed above.
2. I understand that it is my responsibility to use my drug/substance listed above only as prescribed and be free from any effects of this medication when enrolled in the SUU Nursing Program.
3. I understand that I may be asked to participate in a random drug screen at any time while enrolled in the SUU Nursing Program and the cost for said drug screen is my responsibility.
4. I understand it is my responsibility to be clear of mind with no intoxicating substances when participating in SUU Nursing clinical activities.
5. I understand that if I am found to show behavior that suggests intoxication or be under the influence of drugs, during a clinical, I will be under review and be subject to removal from the SUU Nursing program.
6. I understand that if I am removed from the SUU Nursing program, I will be responsible for any cost of tuition or other fees associated with the program.

By signing this contract, I understand and agree that I am responsible to attend clinicals only when I am totally free from effects of intoxicating substances.

**SUBJECT: MSN in Leadership Criminal Background Review Policy and Procedure**

The purpose of this policy and procedure is to outline the steps for reviewing criminal background checks for applicants to the Southern Utah University MSN in Leadership and Administration program. The Southern Utah University (SUU) Department of Nursing has an obligation to patients, families, and community partners to ensure that its students meet the highest level of ethical and moral standards as Licensed Registered Nurses and students enrolled in the MSN in Leadership program.

Students admitted to the SUU MSN in Leadership and Administration program must have an active and unrestricted license to practice as a Registered Nurse (RN). In addition, students are required to complete a criminal background check and provide information to the SUU Department of Nursing (DON) about any findings on that report. Continued enrollment in the MSN in Leadership and Administration program shall be conditional, pending completion and review of the criminal background check. Upon completion of the student's criminal background check, if any issue is identified the student shall be required to provide a written explanation of the problem, provide information on the steps that they have taken to correct the problem, and explain any requirements for monitoring or ongoing care to address the problem. A Background Review Committee consisting of three DON faculty members shall review all of the documents and provide a recommendation to the DON Director as to whether the student should be allowed to continue in the MSN in Leadership and Administration program. The committee may also choose to recommend that the student be allowed to continue in the program with restrictions or conditions.

**Background Review Procedures**

1. An applicant to the Southern Utah University MSN in Leadership and Administration program must submit to a criminal background check as a condition of their admission to the MSN in Leadership program. This shall be completed no later than the end of the second week of the first term of enrollment. If the background check is not submitted by the end of the second week the student will be removed from the program; the student can re-enroll in the next term. Students are responsible for all tuition and fees that are not refundable due to non-compliance.
2. An initial review of the student's background check will be completed by the DON administrative staff.
3. If the DON administrative staff identifies a problem(s) in the student's background check, the student shall then be asked to provide a written explanation of the problem(s).
4. The student's written response to the problem(s) identified on the background check may take the form of dispute and/or explanation, explained as follows. 1) If the student disagrees with the accuracy of any information in the report they may dispute the findings and the DON shall provide reasonable opportunity to address the information contained in the report. 2) If the problem(s) identified in the report are reported accurately, the student MUST provide an explanation of the problem(s). The student's written response to the information received as a result of the criminal background check shall include an explanation of the problem identified, information on the steps that they have taken to correct the problem, and an explanation of any requirements for monitoring or ongoing care to address the problem. In either case, any problems identified in the background report must be addressed in writing by the student with either a dispute or an explanation. The student must submit the requested information within 10 business days of the request from the DON.

5. The background check report and the student's letter of explanation shall be forwarded to the Background Review Committee within 5 business days of the receipt of the student's letter of explanation. All identifying information on the report and letter will be removed and/or blacked out by the DON administrative staff before forwarding to the Background Review Committee.
6. The faculty Background Review Committee will review the student's background check and their written response. The Background Review Committee will assess the overall risk to persons and property in allowing the student to continue to be enrolled in the MSN in Leadership and Administration program. That risk assessment will include: (a) the number of crimes committed, (b) the nature and severity of those crimes, (c) the length of time since they were committed, (d) the likelihood of recidivism, and (e) other factors that may be relevant.
7. Where the known facts and circumstances are sufficient to warrant a person of reasonable prudence to believe that the MSN in Leadership and Administration student poses an unreasonable risk to persons or property, the Committee will recommend that the student's acceptance to the MSN in Leadership program be withdrawn immediately.
8. The faculty Background Review Committee will submit a written recommendation to the DON Department Director or their proxy within 10 calendar days of receiving the material. The recommendation to the DON Department Director or their proxy should include a recommendation on whether to allow the student to continue in the MSN in Leadership and Administration program without restrictions, continue in the program with restrictions/conditions, or be removed from the program. The report will also include an explanation for their decision based on the review criteria outlined in Item 6 above.
9. The DON Department Director or their proxy will make the final decision about the student's continued enrollment in the MSN in Leadership program and/or steps that the student must complete to address the problem(s) identified. If the student is to be removed from the program, the DON Department Director will communicate the decision to the DON administrative staff. The DON administrative staff will then communicate that decision to PreCheck, the company contracted by SUU to monitor student compliance, who will notify the student of the decision. If the student is to be allowed to remain in the program, the DON Department Director will notify the student of the conditions (if any) of their continued enrollment. In either case, the DON Department Director's decision will be communicated to the appropriate party within 5 business days of receiving the recommendation from the Background Review Committee.
10. The student has the Right of Appeal per the Southern Utah University Policies and Procedures #11.2 Student Conduct Code. To learn more about this process, see <https://help.suu.edu/uploads/attachments/PP112Student.pdf>
11. Record Keeping - documentation associated with criminal background checks will be kept secure and protected in the DON Administrative staff office.
12. Limitations on the Use of Information - the information contained in the criminal history background check will be available only to those persons involved in making decisions regarding the student's application to the MSN in Leadership and Administration program, and the information will be used only for the purpose of making a decision on whether the student can continue in the MSN in Leadership progra

**SUBJECT: NURS 6110 Attestation – Program Compliance Agreement**

Agreement to Maintain MSN in Leadership and Administration Program Compliance

I, \_\_\_\_\_, agree to maintain compliance to the Southern Utah University (SUU) MSN in Leadership and Administration program requirements at all times while enrolled in the program. I have access to these requirements through my PreCheck student account.

I understand that I must notify SUU of any of the following:

- Changes in address (physical or mailing)
- Changes in nursing license status
- Potential or known exposure to infectious diseases

I understand that failure to remain in compliance with the SUU RN-to-BSN program requirements, or failing to notify SUU of any changes in my address, license, or disease exposure status may result in being denied entry into courses with a clinical component. I acknowledge that I will not be admitted back into the program until I am in compliance with the above requirements.

**SUBJECT: Standardized Clinical Project Agreement**

The courses with a clinical component (CC) require face-to-face interactions with live patients, groups, or communities. The details of the clinical activities are developed by the student with direction from the faculty member. Accreditation requires every Master of Science in Nursing program to have some face-to-face clinical experiences.

The following course has clinical hours embedded into the course NURS 6520 Leadership Capstone. A “Standardized Clinical Project Agreement Form” (please see appendices) must be completed in its entirety, including signatures, and submitted to course faculty before starting any clinical projects or participating in any clinical experiences.

**SUBJECT: Clinical Project Agreement**

Today's Date: \_\_\_\_\_

The purpose of this letter is to grant \_\_\_\_\_, a student at Southern Utah University, permission to implement a clinical project at/with \_\_\_\_\_.

Title of self-designed clinical project \_\_\_\_\_.

Briefly describe project

I understand that this project as stated above will take place from \_\_\_\_\_ to \_\_\_\_\_.

**SUBJECT: Uniform and Appearance**

- I. PURPOSE:** The purpose of this policy is to provide guidelines and expectations and appearance requirements.

**POLICY:** All MSN in Leadership and Administration students are expected to dress professionally during clinical activities for the SUU MSN in Leadership and Administration program. At minimum, dress should adhere to the policies of the clinical instructor/preceptor/mentor and their place of work. All students are **required** to wear a photo name badge which will state their first name followed by MSN in Leadership and Administration Student, Southern Utah University; this badge will be provided by the Department of Nursing. It must be worn **AT ALL TIMES WHEN YOU ARE ENGAGED IN CLINICAL ACTIVITIES FOR THE MSN in Leadership and Administration PROGRAM.**

**APPEARANCE** - You will be expected to dress and act professionally at all times when in the clinical area. You are expected to manage personal hygiene habits to control cleanliness and avoid offensive body odor. Perfume, cologne or lotions that might interfere with those who are ill or allergic to such odors or fragrances should not be used. Hair must be well- groomed and neat and no extreme, unnatural color. Extreme styles which may distract from providing exceptional care should be avoided. Visible body piercing is not permitted except for one pair of earrings. Fingernails should be trimmed as to not be visible when viewed from the palmar side. Nails are to be clean without polish, artificial nails, wraps or any other nail adornment. Tattoos need to be covered per facility policies. Institutional requirements for specific clinical agencies that may further define dress codes will be adhered to; such as hair pulled back from face, tattoos covered, etc.

**Student – Unusual Occurrence/Exposure Risk**

In the event of an unusual occurrence or possible exposure to blood or body fluids or other potential pathogens the student shall notify the supervising faculty member immediately.

The supervising clinical faculty member shall immediately, upon notification, discuss the incident with the involved student(s) to review the incident. If there is a risk of exposure to blood borne pathogens the student will be advised to first, assure that the exposure has been cleansed with soap and water (for a needle stick), or flush eyes, nose or mouth with copious amounts of tap water (for 20 minutes). Faculty member will then facilitate completion of appropriate forms and a medical evaluation. Any injury sustained by the student while participating in Department of Nursing activities and subsequent medical treatment, with all costs associated with care will be the student's responsibility. Faculty will encourage a medical evaluation with appropriate testing and follow-up including at least the following elements:

- (1) To be in compliance with clinical partner policies, a blood exposure will require an immediate baseline titer for Hepatitis B, unless the exposed student has a blood test with "reactive results or (6) six Hepatitis B vaccinations with blood test results of "Not-Reactive" or "Non-responder".
- (2) Documentation of the unusual occurrence and/or routes of exposure, and the circumstances of the unusual occurrence/exposure.
- (3) Identification and completion of forms and procedures required by the facility where the incident occurred.
- (4) Completion of SUU Department of Nursing forms (located in appendix).
  - a. Unusual Occurrence/Exposure form
  - b. Post-Exposure follow up form (if an exposure)
- (5) In the case of exposure, identification of the source individual, unless not feasible or prohibited by law. (Faculty member will need to work with the nursing staff and policies in the agency or facility where exposure occurred to facilitate this step.)
  - a. Seek to determine the source individual's HBV and HIV status.
  - b. Results of the source individual's testing shall be made available to the exposed student with information about confidentiality and identity protection laws.
- (6) Assistance to student to see their private care provider, an Instacare facility, or ER, ASAP with instructions to get tests for exposure to blood borne pathogens.
- (7) Inform department chair of incident and follow up ASAP. Submit SUU Department of Nursing forms to department chair within 24 hours of notification.
- (8) If the occurrence takes place on SUU campus (i.e. the SN learning lab) a copy of the form will be submitted to the lab specialist who will maintain a sharps/incident occurrence log for on campus events.

*Faculty/Staff/Student Employee Unusual Occurrence/Blood Borne Pathogen Exposure Risk*

In the event of an unusual occurrence or possible exposure to blood or body fluids, during any clinical experience, the faculty or staff employee involved will report directly to Human Resources on SUU campus.

In addition to forms and procedures initiated by Human Resources, faculty/staff and student employees should inform department chair of incident and follow up.

If the occurrence takes place on SUU campus (i.e. the SN learning lab) a copy of the form will be submitted to the lab specialist who will maintain a sharps/incident occurrence log for on campus events.

**SUBJECT: Unusual Occurrence/ Potential Pathogen Exposure Risk Policy & Forms**

**Student Post Potential Exposure Follow-up Form**

**To be completed by the supervising Clinical Faculty Member** with the involved student(s) at time of incident notification-*check circles as step is completed.*

1. Discuss exposure, how it occurred, and how it could be prevented in the future.
2. Discuss risk for pathogen exposure and recommend immediate follow up with private care provider or insta-care provider. Individuals who have been exposed to infectious pathogens are at risk for an infectious disease. To assess risk, provide timely evaluation of current status, and a baseline for future evaluation and potential interventions it is recommended an exposed individual seeks immediate medical attention. An appointment with a private care provider if immediately available or an insta-care provider is strongly recommended. Any injury sustained by the student while participating in Department of Nursing activities and subsequent medical treatment with all costs associated with care will be the student's responsibility.
3. Facilitate student appointment for immediate follow-up.
4. Complete the following with the student

Exposed individual's name \_\_\_\_\_

Type of exposure \_\_\_\_\_

Date and time of exposure \_\_\_\_\_

I have been oriented to SUU's exposure control plan and I understand I may have been exposed to an infectious pathogens. I also understand the implications of contracting these diseases. I have been encouraged to seek immediate follow-up care by my faculty member to determine whether or not I have contracted an infectious disease.

**SUBJECT: Social Media Policy**

**Policy Statement**

The Southern Utah University Department of Nursing expects nursing students in the program participating in social media to be compliant with privacy and confidentiality policies and to communicate in a professional manner.

**Purpose**

The SUU Department of Nursing supports the use of social media to reach audiences important to the University such as students, prospective students, faculty and staff. The Department presence or participation on social media sites is guided by university policy. This policy applies to the SUU Department of Nursing students who engage in Internet conversations for school-related purposes or school-related activities such as interactions in or about clinical and didactic course activities as well as non-school-related activities that would or possibly could reflect poorly on the Department or anyone it is affiliated with. Distribution of sensitive and confidential information is protected under HIPAA and FERPA whether discussed through traditional communication channels or through social media.

**Definitions**

Social Media – Digital media based on social interaction and or created using highly accessible and scalable publishing techniques, in which messages are primarily disseminated and received among users on a peer-to-peer basis. Social media is commonly thought of as a group of Internet-based applications that are built on the ideological and technological foundations of the web that allows the creation and exchange of user-generated content. Examples include Facebook, InstaGram, Twitter, Wikipedia, Second Life Flickr and networking services such as LinkedIn, blogs, Allnurses.com, etc.

**General Information**

Reference resources should be used to clarify the nurse’s role and responsibilities. Please review the National Council State Boards of Nursing’s (NCSBN) White Paper: A Nurse’s Guide to Use of Social Media and the American Nurses Association’s (ANA) Principles for Social Networking and 6 Tips for Nurses Using Social Media (1/2012).

While this policy may need to be modified as new technologies and social networking tools emerge, the spirit of the policy will remain the protection of sensitive and confidential information. Social media often spans traditional boundaries between professional and personal relationships and thus takes additional vigilance to make sure that one is protecting personal, professional, and university reputations.

Students will want to represent the University and the Department in a fair, accurate and legal manner while protecting the brand and reputation of the institution.

When publishing information on social media sites, remember, that information may be public for anyone to see and can be traced back to you as an individual. Since social media typically enables two-way communications with your audience, you have less control about how materials you post will be used by others. As one person remarked, “If you wouldn’t put it on a flier, carve it into cement in the quad or want it published on the front of the Wall Street Journal, do not broadcast it via social media channels.”

**SUBJECT: Social Media Policy**

**Provisions/Policy**

- Protect confidential, sensitive, and proprietary information: Do not post confidential or proprietary information about the university, faculty, staff, students, clinical facilities, patients/clients, or others with whom one has contact in the role of a SUU Department of Nursing student.
- Respect copyright and fair use. When posting, be mindful of the copyright and intellectual property rights of others and of the university. For guidance, see the Department of Nursing staff and visit the University's Information Technology site.
- Do not use SUU's and the Department of Nursing marks, such as logos and graphics, on personal social media sites. Do not use SUU's name to promote a product, cause, or political party or candidate.
- Use of the University's and Department of Nursing marks (logos and graphics) for School sanctioned events must be approved (posters, fliers, postings) by the Department's administration.
- It is expected that during clinical use of PDAs and other devices employed for social media will be used only as authorized by faculty. If a PDA is combined with a cell phone, iPad or other electronic device, it is expected that the electronic device only be used in times as determined by the syllabus, course faculty or clinical faculty.
- No personal phone conversations or texting are allowed at any time while in patient/client areas or in the classroom. If the student needs to respond to an emergency text or phone call during class, the student is asked to leave the classroom with respect and as quietly as possible and respond as deemed necessary.
- Use of computers (PDAs, Notebooks, etc.) during class shall be restricted to note taking and classroom activities. Use otherwise, especially when viewing social media, is distracting for not only the student involved in the activity but those in the immediate area/vicinity.
- No student shall videotape professors or fellow students for personal or social media use without the express written permission of the faculty or fellow student. At NO time shall patients/clients be videotaped or photographed without written permission of the patient/client and of the facility.
- Be aware of your association with SUU's and the Department of Nursing's in online social networks. If you identify yourself as a student, ensure your profile and related content is consistent with how you wish to present yourself to colleagues, clients, and potential employers. Identify your views as your own. When posting your point of view, you should neither claim nor imply you are speaking on SUU's or the Department of Nursing's behalf, unless you are authorized to do so in writing.
- HIPPA guidelines must be followed at all times. Identifiable information concerning clients/clinical rotations must not be posted in any online forum or webpage.
- Ultimately, you have sole responsibility for what you post. Be smart about protecting yourself, your and others privacy, and confidential information.

## **SUBJECT: Social Media Policy**

### **Procedure/Considerations**

- There is no such thing as a “private” social media site. Search engines can turn up posts years after the publication date. Comments can be forwarded or copied. Archival systems save information, including deleted postings. If you feel angry or passionate about a subject, it’s wise to delay posting until you are calm and clear-headed. Think twice before posting. If you are unsure about posting something or responding to a comment, ask your faculty. If you are about to publish something that makes you even the slightest bit uncertain, review the suggestions in this policy and seek guidance.
- Future employers hold you to a high standard of behavior. By identifying yourself as a Southern Utah University nursing student through postings and personal web pages, you are connected to your colleagues, clinical agencies, and even clients/patients. Ensure that content associated with you is consistent with your professional goals.
- Nursing students are preparing for a profession, which provides services to a public that also expects high standards of behavior.
- Respect your audience.
- Adhere to all applicable university privacy and confidentiality policies.
- You are legally liable for what you post on your own site and on the sites of others. Individual bloggers have been held liable for commentary deemed to be proprietary, copyrighted, defamatory, libelous or obscene (as defined by the courts).
- Employers are increasingly conducting Web searches on job candidates before extending offers. Be sure that what you post today will not come back to haunt you.
- Monitor comments. You can set your site so that you can review and approve comments before they appear. This allows you to respond in a timely way to comments. It also allows you to delete spam comments and to block any individuals who repeatedly post offensive or frivolous comments.
- Do not use ethnic slurs, personal insults, obscenity, pornographic images, or engage in any conduct that would not be acceptable in the professional workplace.
- You are responsible for regularly reviewing the terms of this policy.

### **Consequences**

- Violations of patient/client privacy with an electronic device will be subject to HIPAA procedures/guidelines and consequences.
- Students who share confidential or unprofessional information do so at the risk of disciplinary action including failure in a course and/or dismissal from the program.
- Each student is legally responsible for individual postings and may be subject to liability if individual postings are found defamatory, harassing, or in violation of any other applicable law. Students may also be liable if individual postings include confidential or copyrighted information (music, videos, text, etc.).

Southern Utah University Department of Nursing Social Media Policy is adapted from [http://hilo.hawaii.edu/depts/nursing/social\\_media\\_policy.php](http://hilo.hawaii.edu/depts/nursing/social_media_policy.php) and from [Social Media Policy, Student Handbook of Purdue University School of Nursing](#)

**SUBJECT: Faculty/Student Communication**

Professional communication between faculty and students is of utmost importance in this program. If the student has any questions about a course assignment, the student should not hesitate to contact the faculty via email or phone. Each nursing faculty has designed office hours which are included in the course syllabi and the CANVAS course home page. Faculty will provide preferred contact email and telephone numbers at the beginning of each course for students. Students are expected to communicate through their CANVAS email and with the expected communication avenues set forth in each faculty member's syllabi.

**E-Mail**

Communication between faculty and students via e-mail is essential for successful completion of course work. Students have a SUU E-mail address through CANVAS. This is the only address the faculty and advisors will use and it is the students' responsibility to forward mail to a preferred provider. The E-mail address will be made available to other students within the CANVAS course under the Inbox tab on the left side of the CANVAS screen in which the student is enrolled. Exception to this policy will require faculty approval.

**SUBJECT: Acknowledgement of Student Policies**

I, \_\_\_\_\_, have read and reviewed the policies in the Nursing Student Handbook for the MSN in Leadership and Administration Program and have had the opportunity to have questions concerning said policies answered by a faculty member in the Department of Nursing.

I understand that, as a student in this program, if I need further clarification of the policies, I am free to ask my Faculty Advisor or any faculty in the Department of Nursing.

I further certify that I agree to follow the standards and guidelines outlined within the Handbook.

The Handbook is required reading and may be viewed on the Department of Nursing web site at <https://www.suu.edu/nursing/>.

By signing below I agree to the above statements and also agree that it is my responsibility to stay current with the Department of Nursing Student Policies Handbook. I have been advised that I should review the Student Handbook at least once a semester. It is agreed that if any significant changes are made by the Department of Nursing the changes will be e-mailed upon approval.

**SUBJECT: Student Non-Disclosure Agreement**

Southern Utah University has a legal and ethical responsibility to safeguard the privacy of all patients whose records are used for educational purposes and to protect the confidentiality of their health information. In the course of my assignments at Southern Utah University and during clinical experiences, I will come into contact with confidential patient information.

I understand that such information must be maintained in the strictest confidence. As a condition of being a student enrolled in the SUU MSN in Leadership and Administration Program, I hereby agree that, unless directed by my instructor, I will not at any time during or after my assignments, disclose any patient information to any person whatsoever.

When patient or other confidential information must be discussed with others in my class during the course of my assignments, I will use discretion to ensure that such conversations cannot be overheard by others who are not involved with the class. I further agree to protect patient records from being seen by others in any setting.

I understand that the violation of this agreement may result in corrective action up to and including discharge from the SUU Nursing Program.

**SUBJECT: Functional Requirements for Student Success**

Southern Utah University's Nursing Program values diversity in the students who wish to enter the profession of nursing. Students interested in entering the nursing program must be aware of functional requirements, environmental factors, and psycho social demands that must be met to be considered as a candidate for entry level into the nursing profession.

**Functional requirements include, but are not limited to:**

- Must be able to independently push, pull, and lift a medically fragile adult when positioning or transferring.
- Must have the ability to palpate body structures and be able to differentiate and report subtle variations in temperature, consistency, texture and structure.
- Must be able to identify and distinguish subtle variations in body sounds such as breathing.
- Must be able to read, understand, and apply printed material which may include instructions printed on medical devices, equipment and supplies.
- Must be able to visually distinguish subtle diagnostic variations in physical appearance of persons served. An example would be "pale color".
- Must be able to distinguish subtle olfactory changes in physical characteristics of persons served.
- Must be able to walk and stand for extended periods of time.
- Must possess the ability to simultaneously and rapidly coordinate mental and muscular coordination when performing nursing tasks.

**Environmental factors include:**

- Protracted or irregular hours of work.
- Ability to work in confined and/or crowded spaces.
- Ability to work independently as well as with coordinated teams.
- Potential exposure to harmful substances and/or hazards.

**Psycho social demands include:**

- Ability to maintain emotional stability during periods of high stress.
- Ability to work in an emotionally charged or stressful environment.

*I am aware of the functional requirements, environmental factors, and psycho social demands that must be met to be considered as a candidate for entry level into the nursing profession.*

**SUBJECT: Student Understandings**

Student Understandings

1. I understand that admission to the MSN in Leadership and Administration program does not mean success.
2. I understand that I will be evaluated on academic as well as leadership skills and professional behaviors.
3. I understand that nursing requires honesty and personal integrity. If either come into question it will prompt faculty to review my standing in the nursing program.
4. I understand that it is my responsibility to keep my clinical documentation current and provide verification to the required source as noted in NURS 6110 Nursing Leadership Theory for the MSN in Leadership and Administration.
5. I understand the standards for success in the nursing courses and that I am responsible for monitoring my own learning.
6. I understand that the nursing courses will focus on practice not on lecture.
7. I understand that if at any time in the semester I feel unsure about my “grade(s)”, I may request an assessment from the professor.
8. I understand that the course work of this program requires active participation.
9. I understand that I will be responsible to provide my own transportation to clinical sites.
10. I understand that I must maintain confidentiality of information I become aware of.
11. I understand that I will be required to complete a random drug screen and that this may occur at any time throughout the duration of the program.
12. I understand that I must act professionally and will show respect to my peers, faculty, and staff.
13. I understand that due to liability issues, I may not participate in NURS6520 Leadership Capstone prior to completing all of the required MSN in Leadership and Administration pre-requisite courses.
14. I agree to release Southern Utah University from any consequences for any negligent or careless acts committed by **me**.
15. A copy of the curriculum pattern has been given to me and I have read and understand the curriculum pattern and realize that failure to complete the courses as identified in the curriculum pattern will disqualify me from progressing in the program.

My signature indicates that I have read, understand and will adhere to the above student understandings.

## SOUTHERN UTAH UNIVERSITY

## Incomplete Grades

<https://www.suu.edu/registrar/pdf/incompletegradecontract.pdf>

The purpose of this form is to reduce to writing an agreement between an instructor and a student concerning an incomplete (I) grade submitted to the Registrar's Office. An incomplete grade should be granted only if the **student has completed the majority of the course and is passing the class at the time.**

Within one (1) year, as agreed in writing below by both the instructor and the student, the terms of the contract must be completed and letter grade assigned by the instructor. The grade can either be the grade agreed upon by virtue of the contract or the grade earned by making up the incomplete work.

**Instructions:**

**Instructor** - Complete this form, sign and obtain the student's signature. Keep a copy for your files. Give a copy to the student, the Registrar's Office, and submit the original to your department. **Upon completion of the contract, submit a change of grade form to the Registrar's Office.** This should not exceed one (1) year from the time the course was originally taken.

**Student** - You have the time prescribed by this contract to complete the work or accept the grade agreed to by you and your instructor. It is your responsibility to check with the Registrar's Office to be sure the proper grade has been recorded on your permanent record. **It is not required to re-register for this class in order to complete the grade.**

**Department** - File original contract for future reference.

**Registrar** - Accept an incomplete (I) only when a contract is submitted. After one (1) year, if a grade change form is not submitted, change the grade to F.

**CONTRACT TO REPLACE INCOMPLETE GRADE**

To be used to specify a grade to be given if course work is not completed within one (1) calendar year or as agreed in this contract.

_____			_____		
Name of Student (print)			Student T #		
Incomplete received in:					
<i>CRN</i>	<i>SUBJ</i>	<i>Course #</i>	<i>Section</i>	<i>Semester</i>	<i>Year</i>

Course work remaining to be completed:

If the above work is not completed by \_\_\_\_\_, a grade of \_\_\_\_\_ will be **submitted** to the Registrar's Office. If no report is received by the Registrar's Office, the grade will be changed automatically to an "F". **The instructor is responsible for submission of a completed grade when the student's makeup work has been accomplished.**
