

SUBJECT: COMPUTER SOFTWARE LICENSING

- I. **PURPOSE:** To state policy on the unauthorized use of computer software.
- II. **POLICY:**
 - A. It is the policy of Southern Utah University that computer software be properly acquired and used. Software licenses are predicated on legal purchase per workstation, and such licenses are often proprietary to the software vendor. Copying single licensed software for multiple users violates license agreements and is not authorized.
 - B. The Steering Committee is responsible for insuring compliance with this policy. However, every member of the faculty and staff who uses computer software must honor license agreements and software copyrights.
