

How to read your Degree Works evaluation

The degree evaluation presents your requirements in areas called blocks. Some blocks have additional information at the top. Be sure to read these notes carefully as they contain information about the block you need to know, such as minimum grades or GPA requirements. Each block represents a set of requirements such as general education, major and minor.

Upper-Division Requirement INCOMPLETE

Credits required: 40 Credits applied: 0 Catalog year: 2021-2022

Unmet conditions for this set of requirements: 40 Credits needed
You must complete a total of 40 upper-division credits. You currently have 0. You still need at least 40 more.
You must complete at least 20 upper-division credits from SUU. You currently have 0. You still need at least 20 more.

Upper-Division Credits **Still needed:** You must complete at least 40 upper-division credits.

Major in Mechanical Engineering INCOMPLETE

Catalog year: 2021-2022 GPA: 0.000

Unmet conditions for this set of requirements: Minimum Credits unsatisfied
A minimum of 10 upper-division credits within your major must be taken from SUU.
Minimum GPA unsatisfied

Minimum GPA in Major: 2.5

Foundation Course **Still needed:** 1 Class in [ENGR 1010](#) or [1050](#)

Students should contact their Academic Advisor if they have a question about how courses are applying in the degree evaluation.

Here are some explanations for the symbols found throughout the degree evaluation:

Legend

Complete Not complete Complete except for classes in-progress Nearly complete - see advisor Prerequisite @ Any class number

- Complete: A green checked circle will appear next to individual requirements that are completed.
- Not Complete: There will be an empty red circle next to any unmet requirements. To the right of each red circle, there will be a link to the University catalog or a list of approved courses for that requirement.

- Complete except for classes in-progress: A blue circle halfway filled means the requirement will be met if currently registered classes are passed with satisfactory grades.
- Nearly complete – see advisor: A brown circle with an exclamation mark means the requirement is not fully met, and you should contact your advisor for assistance.
- Any class number: The '@' symbol is a wild card. If the @ sign appears with course numbers after it (e.g., @ 3000:4000), you may take any subject area with that level (any 3000 or 4000 level course). If it appears after a subject prefix (e.g., ECON @), it means you can take any course with that subject prefix (any course in Economics). If it appears after a subject prefix and a number (e.g., ECON 3@), it means you can take any course with that subject prefix at that level (any Economics course at the 300 level).

What-If and Future Classes

The What-If function shows what a degree evaluation would look like with a different major, minor, concentration or catalog year. This does **not** officially change the student's record.

Please note: Students with a declared double major will have a double major audit. The What-if function cannot be used to display a double major.

The Future Classes function is available through the What-If tab. It allows you to see how potential courses might apply to your degree. The Future Classes feature is for planning purposes only and course availability is not guaranteed. Students will still need to register through their SUU portal.
