Who Should Go?
This camp is designed for middle school and high school students who are preparing for a future career in health care.

What Is It?
The Health Career Exploration Camp is three days of activities designed to help students prepare for a health care career. Students, grades 8 through 12, are invited. Participants will attend hands-on workshops, lectures and panel discussions that will showcase health care careers. Opportunities to interact with health professionals, learn health care skills, and conduct science experiments will be provided. Participants will also enjoy team-building events and recreational activities, while experiencing college life first-hand.

Extended Camp: A Day in the Life of a Medical Student
For students who are specifically interested in pursuing a career as a medical doctor, we are offering an extended camp that will go through Thursday, June 27, 2019. This activity will include traveling to Rocky Vista University College of Osteopathic Medicine in Ivins, Utah. Participants will tour the building, meet faculty, and experience medical school lectures.

*Space is very limited, register early
Which Track do I pick?

Two camp tracks are provided. Participants can choose either track, depending on their interests. Both tracks provide exciting, hands-on workshops that teach a wide range of health care skills. If you have participated in previous years, be sure to choose the other track for new workshops.
