Design Thinking
ART 4200

Juniors and Seniors! Want to do a great capstone project or have a vehicle for executing your EDGE project? This class is the real-world answer you are looking for. It is a collaborative class where students in design, business, science, education—or any discipline—work together using the design thinking process to create beautiful, compelling, marketable solutions.

FALL SEMESTER 2012
TR 1–3:50, ELC 112

All Majors Welcome
Prerequisite: 2D Design OR submit your name, major, and a short paragraph describing the idea that you would like to work on to Jeff Hanson (hansonj@suu.edu).
