<td><strong>Salary Committee</strong> – do we want to set one up and have it as a standing committee (if so, will need to revise Article IV. Section 2 of the by-laws). <strong>Jared Wilcken will rewrite the bylaws for the new Staff Association Salaray Committee. It will include an executive board member and a junior board member. President Elect would most likely be the junior board member to keep the institutional memory and events through the years fresh. We will have this committee in place as a standing committee, included in the bylaws. We need this so we are prepared when the issue is brought up. (Faculty has CUPA, per HR. Faculty’s voice is being heard; Staff does not have a game plan. We want the National Guard mentality.)</strong></td>

| c. | **Policy 5.56 Policy Development Authority (1st Review) – look it over carefully to be sure it meets staff needs also.** Contact Bonny Rayburn for a word document to work with to submit a policy change. Two policies for possible revision:  
  - Policy 9.4 Funeral Leave? **Add grandchildren. And add leave with pay for a period up to four (4) days.**  
  - Policy 9.11 Voting Leave?  
  - Community Engagement asked about developing or amending a policy to include "x" amount of time off allowed for service. **Community Involvement should be monitored. People need to report back to staff association with a paragraph about what they did and how many hours of service were given. To serve the community is in our mission, therefore, we need to make it possible for staff to contribute to civic programs. Staff may need to report on what they did. Tessa will head up Community Involvement Committee.** |
