

# FELIX MONDRAGON

## STUDENT BODY PRESIDENT

Hello, fellow students of Southern Utah University, my name is Felix Mondragon, and I'm excited to tell you about why I'm running for SUUSA Student Body President. I have some important ideas about how we can make our university a better place, and I want to share them with you. Here are the five main things I believe in:

- 1. Diversity, Equity, and Inclusion:** Prioritize initiatives that promote diversity, equity, and inclusion within the university community. Support cultural awareness events, diversity training programs, and efforts to recruit and retain a diverse student body and faculty. Work towards creating an inclusive campus environment where all students feel valued and supported.
- 2. Increase student involvement:** Encourage students to join in campus activities, clubs, and to run for office for future elections. Let's make sure there are plenty of options for everyone to get involved. And it's important that students have a say in decisions that affect campus life. Their voices should be heard and respected.
- 3. Advocate for everyone on campus:** Serve as an advocate for all members of the university community, including students, faculty, and staff. Strive to address the needs and concerns of every individual on campus, fostering a supportive and inclusive environment where everyone feels valued and respected.
- 4. Accessible representation:** Ensure that student government remains accessible and responsive to the needs of all students. Implement an open-door policy to encourage students to voice their concerns, ideas, and feedback. Commit to actively listening and engaging with students to address their needs and concerns effectively. By fostering accessibility and transparency, we can build trust and collaboration within the student body.
- 5. Affordable tuition and financial support:** Advocate for measures to make Southern Utah University tuition more affordable and accessible to all students. Work with university administration and SUUSA administration to explore options for reducing tuition costs, increasing financial aid opportunities, and providing support for students facing financial hardships at Southern Utah University.
