My Qualifications:

 - **An understanding of involvement on campus.**
- **Currently studying Accounting**
 - **Understanding on how budgets and finances work**

As your next VP of Finance I will:

- **Be open about the finances of student involvement.**
 - **Include a budget update at meetings, including how much is left and allotted to student organizations on campus.**
 - **Open the lines of communication and listen to you as students, on items such as, what you want your student fees to go toward, and be open on how those fees work.**

 - **I will make sure that your concerns will be communicated to the appropriate people.**

The most important thing I bring to the table is being extremely dedicated to suu, and its student body. By electing me as your VP of Finance, you will show SUU that it will continue to grow. My goal is to help students to communicate their wants and needs, in order to make this the school they are proud of.
