

# COURTNEY GLAD

## CLUBS AND ORGS VICE PRESIDENT

My name is Courtney Glad, and I want to change the mindset of what getting involved means for college students. I have been involved in STIL for the last two years and while it has been an excellent experience for me I know that is not where everyone wants to be. I think we need to change the terminology from "In college you should be involved!" to "It is important to find your people in college." I think clubs and organizations are an excellent way to connect people together and help every student at SUU find their home away from home. It doesn't have to be big involvement like the STIL center, it can be any club and any organization here on campus as long as that feels like home to you. I know finding your people is hard and for some it comes easier than others. It is my goal to ensure that every student on campus has the opportunity to find their friends, find their people, and connect students who can lift each other up.

To do this I want to

- Inform students on the resources available to find information on different clubs and organizations.
- Hold clubs accountable to keep their information up to date.
- Advertise events held by individual clubs and organizations.
- Encourage partnerships with bigger university organizations and smaller clubs.
- Pushing attendance at epic meet your clubs events.
- And so much more.

I know that I can accomplish these things, if I am elected as your Vice President of Clubs and Organizations. Clubs and Organizations are so important to me and I know that they can be the best part of our college life. I have learned so much from participating in clubs and I have been lucky enough to hold leadership positions in the entrepreneurship club, as well as be on the committee to start the Student Management Club from the ground up. Involvement in clubs gives great leadership opportunities for those who want them, and they help you make friends and have a stronger connection with the university, fellow students, and the community. I will do everything in my power to help each and every club on campus, with structure, requesting funds, and planning events. I vow to do anything possible to improve clubs and organizations on campus, to further improve the lives of the students and help them find their people.
