

# EMILY WAITE

## COLLEGE OF HUMANITIES AND SOCIAL SCIENCES SENATOR

**My name is Emily Waite and I am currently a Sophomore studying Anthropology and Criminal Justice! I am running to be your next Senator for the College of Humanities and Social Sciences.**

**I have had the incredible opportunity to serve in multiple leadership capacities. I was able to participate in Student Government at my high school and held positions as a class officer and the VP of Events. Through other organizations such as HOSA, The National Society for Leadership and Success and SUU's Involvement Captains I have been able to grow my understanding of communication, leadership, and service. Not only has my understanding grown, but so has my ability to take action towards positive change. Through these opportunities I have found my love for people and community. I hope to be able to share that love and inspiration with you this upcoming year.**

**As your Senator I will focus on aspects of Communication within our college and will work with our dean to make sure that you know all the opportunities that are available on and off campus. I want to make sure that you are aware of resources provided by SUU and be able to answer any questions you may have! Communication is an essential part of leadership, and I plan to build on the incredible communication that we already have.**

**I will also focus on Building Relationships around campus. As you are looking to network for your future, I want to help you in those endeavors! Campus is full of amazing leaders who want to help you succeed. I will make sure you know who these people are and how they can help you! I plan on finding ways to highlight organizations and leaders on campus so you can build your relationships and network. We also have an incredible community and I want to connect you with them as well. By working closely with the Community Engagement Center and other local professionals you will have every opportunity to build relationships while you are here.**

**My final and primary goal as your senator will be to advocate for all student voices on campus. Your ideas and thoughts are important to me and I want to make sure you are heard! I will provide opportunities for you to present your ideas, insights, concerns and recommendations. Through these opportunities your voice will be valued and you can make a difference on campus.**

**Together we have the opportunity to communicate, build and advocate for a better SUU!**
