

# MCKAY POLLMAN

## STUDENT BODY PRESIDENT

My Name is McKay Pollmann, and I am a junior Exercise Science major at SUU. I have loved my time here, especially with my current opportunity of being a Lead. As a Lead I have been able to work with students every day in a one-on-one manner. I have been able to hear students and what they need. As the SUUSA President I want to take the experience and information I have gained to make SUU a more accepting, more loving, and a more personal place for every student that enters our doors. I want everyone to be able to find their place and their love for SUU. I believe that we can do that together if I am elected as SUUSA President.

To accomplish these things here is my step-by-step plan,

- **Maintain a fall break every year.**
  - Avoid burn out that occurs when breaks are taken away.
- **Create and maintain a medical clinic on campus for all students.**
- **Provide simple and easy ways to get involved.**
  - Low commitment experiences to build friendship all the way to intensive leadership opportunities based on student needs.
- **Career and Professional Development**
  - Increase wages for student jobs.
  - Create an internship placement program.
- **Increase housing.**
  - Work with on and off-campus resources to ensure enough housing for all students.
- **Increase amount of on-campus parking.**
- **Allow every student to have a voice.**
  - Provide one-on-one mentoring and support to each student.
  - I will personally make myself available to talk to any student that has needs or concerns.
- **Maintain student fees.**
  - Diligently work to maintain student fees amount while continually improving the SUU experience.
