

ACCOUNTING PROGRAM SENIOR BENEFIT

A SUU undergraduate student may earn up to 6 M.Acc. credit hours that can be applied towards a M.Acc. degree once admitted to the M.Acc. program (Senior Benefit). To qualify for the Senior Benefit a student must meet the following conditions:

1. Be a SUU student with senior status and in the last semester of the student's undergraduate degree.
2. Graduate with an accounting degree or have earned the Master of Accountancy Foundation Course requirements at graduation.
3. Have a GPA of at least 3.0.
4. Total load for the semester cannot exceed 15.5 credit hours including the Senior Benefit courses.

The graduate credits cannot be applied towards the student's undergraduate degree if the credits are to be used towards the M.Acc. degree. A student who successfully completes the Senior Benefit is still required to submit an official application to the M.Acc. program. However, if a B or better grade is earned for all credits taken under the Senior Benefit, the GMAT/GRE requirement is waived for the student who submits a GMAT/GRE waiver request as part of the M.Acc. application.
